BACKWARD CHILDREN

Our institution provides a Christian home with expert instruction for constitutionally defective children and adults, backwardness and awkwardness of speech, speech hesitation, lisping, burring, cleft palate, lalling, nasal twang, tied tongue, paralysis of the vocal chords, substitution of sounds, defective articulation, coupled with backwardness of intellect; and all other forms of imperfect utterance of speech and articulation. 32 page ILLUSTRATED BOOK FREE.

RHODE ISLAND.

CAPITAL, PROVIDENCE.

Population of State, 428,556.
(U. S. Census of 1900.)
Number of Physicians, 715.

The State of Rhode Island extends from 41 degrees 18 minutes to 42 degrees 5 minutes north latitude, and from 71 degrees 8 minutes to 71 degrees 53 minutes west longitude, and is bounded on the north and east by Massachusetts, on the south by the Atlantic Ocean, and on the west by Connecticut. It is the smallest state in the Union, comprising an area of 1,306 square miles, or 835,840 acres.

The climate, like that of all the New England States, is marked by great extremes, the winters being very cold and the summers correspondingly hot. The mean annual temperature at Providence is 47.91, and at Newport 49.39, and the average annual rainfall varies from 40 inches in the eastern part to 44 in the west.

The following table shows increase in population during 70 years:

1830	97,190	1870	217,353
1840	108,830	1880	276,531
1850	147,545	1890	345,506
1860	174,620	1900	428,556

MEDICAL LAW OF RHODE ISLAND.

(As Amended November, 1901.)

Section 1. It shall be the duty of each town and city clerk to purchase a book of suitable size, to be known as the "medical register" of each city or town, and to set apart one full page for the registration of each physician; and when any physician shall die or remove from the city or town, said clerk shall make a note of the same at the bottom of the page, and shall on the first day of January in each year transmit to the office of the state board of health a duly-certified list of the physicians of said city or town registered under this chapter, together with such other information as is hereinafter required, and perform such other duties as are required by this chapter; and such clerk shall receive the sum of fifty cents from each physician so registered, which shall be his full compensation for all the duties required under this chapter.

Sec. 2. It shall be unlawful for any person to practice medicine or surgery in any of its branches, within the limits of this state, who has not exhibited and registered, in the city or town clerk's office of the city or town in which he or she resides, his or her authority for so practicing medicine as herein prescribed, together with his or her age, address, place of birth and the school or system of medicine to which he or she proposes to belong; and the person so registering shall subscribe and verify by oath, before such clerk, an affidavit containing such facts, which, if wilfully false, shall subject the affiant to conviction and punishment for perjury.

Sec. 3 Authority to practice medicine under this chapter shall be a certificate from the state board of health, and said board shall, upon application, after examination, issue a certificate to any reputable physician who intends to practice medicine or surgery in this state and who shall present himself before the state board of health and pass in a satisfactory manner such examination as said board may require. Any physician so pre-

SPIROMETERS
(See pages 1745, 1746.) PHYSICIANS STANDARD SUPPLY COMP'Y, Philadelphia, Pa

senting himself shall pay to said board the sum of ten dollars ($10) for each examination, and said fee shall in no case be returned, but shall be applied to pay the expenses of said board of health in conducting such examinations. Each certificate so issued shall be signed by the president and countersigned by the secretary of said board and shall be attested by the official seal, and not more than two dollars ($2) shall be charged for a certificate.

Sec. 4. Nothing in this chapter shall be so construed as to authorize any itinerant doctor to register or to practice medicine in any part of this state.

Sec. 5. The board may, after due notice and hearing, in its discretion refuse to grant the certificate provided for in section 3 of this chapter to any physician who is not of good moral character or who has violated any of the laws of the state, or who has been guilty of gross unprofessional conduct or conduct of a character likely to deceive or defraud the public, and may, after due notice and hearing, revoke any certificate issued or granted by it heretofore for like cause or for any fraud or deception committed in obtaining such certificate, or for any other cause which in the opinion of said board shall render the holder of such certificate an unfit person to practice medicine in this state. The members of said board are hereby severally authorized to administer oaths, and said board, in all cases or proceedings pending before it, is hereby authorized and empowered to summon witnesses by subpoena signed by the secretary of said board, and to compel such witnesses to attend and testify in the same manner as witnesses are compelled to apear and testify in either division of the supreme court; and said board is authorized to compel the production of all papers, books, documents, records, certificates, or other legal evidence that may be necessary or proper for the determination and decision of any question or the discharge of any duty required by law of said board, by issuing a subpoena duces tecum, signed by the secretary; and every person disobeying any such writ shall be considered as in contempt, and said board may punish any contempt of its authority in like manner as contempt may be punished by either division of the supreme court. Any person who shall wilfully swear falsely in any proceeding, matter, or hearing before said board shall be deemed guilty of the crime of perjury. Said board shall serve a copy of its decision or ruling upon any person whose certificate has been refused or revoked. Any person aggrieved by any decision or ruling of said board may, within ten days after receiving said notice, exclusive of Sundays and legal holidays, take an appeal therefrom to the appellate division of the supreme court, sitting at Providence, and shall file therein his reasons of appeal, and serve a copy thereof on the secretary, or person performing the duties of secretary, of said board; and said appellate division of the supreme court shall, as soon as may be, hear and determine said appeal.

Sec. 6. Nothing in this law shall be so construed as to discriminate against any particular school or system of medicine, or to prohibit gratuitous services in case of emergency; nor shall this chapter apply to commissioned surgeons of the United States army, navy, or marine hospital service, or to legally qualified physicians of another state, called to see a particular case, in consultation with a registered physician of this state, but who do not open an office or appoint any place in this state where they may meet patients or receive calls.

Sec. 7. Complaints for violation of the provisions of this chapter shall be made by the secretary of said board, and said secretary shall be exempt from giving surety for costs on any complaint made as aforesaid.

Sec. 8. Any person who, not being then lawfully authorized to practice medicine within this state, and so registered according to law, shall practice medicine or surgery or attempt to practice medicine or surgery, or any of the branches of medicine or surgery, after having received therefor or with the intent of receiving therefor, either directly or indirectly, any bonus, gift, or compensation, or who shall open an office with intent to practice medicine or shall hold himself out to the public as a practictioner of medicine, whether by appending to his name the title of doctor or any abbreviation thereof, or M. D., or any other title or designation implying a practictioner of medicine, or in any other way, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined fifty dollars, and upon each and every subsequent conviction shall be fined one hundred dollars and imprisoned thirty days, either or both, in the discretion of the court; and in no case when any provision of this chapter has been violated shall the person so violating such provision be entitled to receive compensation for services rendered.

NO INSANE. NO EPILEPTICS. NO UNSUITABLE CASES.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homœopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‹, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

SOUTH CAROLINA.

CAPITAL, COLUMBIA.

Population of State, 1,340,316.
(U. S. Census of 1900.)
Number of Physicians, 1,255.

South Carolina, one of the original thirteen states, has, by the U. S. census of 1900, a population of 1,340,316, as compared with a population in 1890 of 1,151,149, representing an increase during the decade of 189,167, or 16.4 per cent. The following table shows the increase in population since 1830:

1830	581,185	1870	705,606
1840	594,398	1880	995,577
1850	668,507	1890	1,151,149
1860	703,708	1900	1,340,316

The total land surface is, approximately, 30,170 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 38.2; 1900, 44.4.

It extends from 32 degrees to 35 degrees north latitude, and from 78 degrees 35 minutes to 83 degrees 30 minutes west longitude, and is bounded on the north by North Carolina, on the southwest by the Savannah river, which separates it from Georgia, and on the southeast by the Atlantic ocean. It has a coast line of about 200 miles, indented with numerous inlets and fringed with numerous small islands—cut off from the mainland by sounds, affording a safe passage for river steamers—famous for the fine quality of cotton they produce. The surface from the seaboard

Medical College of the State of South Carolina

CHARLESTON, S. C.

Departments of Medicine and Pharmacy

Four years graded course in Medicine.
Two years graded course in Pharmacy.
The seventy-seventh course of lectures will commence Oct. 1st, 1905, and end on April 11th, 1906.
Chemical, Biological and Pharmacy Laboratories, thoroughly equipped with all Modern requirements.
Clinical instruction greatly improved in the new and elegant Roper Hospital now completed, and of which the faculty have charge during the sessions of the college.

for about a hundred miles inland is low, mainly level, and diversified by extensive swamps and vast timber tracts. Here grows the cypress and pine, the yucca, the magnolia, the palmetto, cotton, rice, oranges and tropical fruits. The "middle country" beyond this is more or less rolling, and broken by sand hills. The northwest portion of the state is mountainous, being occupied by the spurs and the outlying ranges of the Blue Ridge. The winters are short and temperate, seldom of more than eight weeks' duration, and the summers, though long are not hot or enervating, being tempered in the east by the vicinity of the ocean and the west by the elevation. The mean annual temperature ranges from 60 degrees in the north to 67 degrees in the south, and the average annual rainfall is about 45 inches.

For list of Medical Colleges, see page 152.

MEDICAL LAW OF SOUTH CAROLINA

An Act to regulate the practice of medicine in South Carolina, to provide for a State Board of Medical Examiners and to define their duties and powers.

Section 1. Be it enacted by the General Assembly of the State of South Carolina, That on and after the approval of this act, no person shall practice medicine or surgery within the State unless he or she is twenty-one years of age, and either has been heretofore authorized so to do, pursuant to the laws in force at the time of his or her authorization, or is hereafter authorized to do so by subsequent subdivisions of this act.

Sec. 2. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall treat, operate on, or prescribe for any physical ailment of another, except those engaged solely in the practice of osteopathy. But nothing in this act shall be construed to prohibit service in cases of emergency, or the domestic administration of family remedies.

Sec. 3. There shall be established a State Board of Medical Examiners, composed of eight reputable physicians or surgeons, one from each of the seven Congressional districts, and one from the State at large, to be nominated by the State Medical Association, and appointed and commissioned by the Governor. The term of office of the members of the Board shall be for a period of two years, and until their successors in office shall have been appointed and qualified. Any vacancy in said Board of Examiners by death, resignation or otherwise, shall be filled in the same manner as above specified: Provided, That the Governor shall have the right to reject any or all of the members nominated, upon satisfactory showing as to the unfitness of those rejected. In case of such rejection, former members of the Board shall hold over until their successors can be chosen in the manner as above provided.

The members of the Board first appointed under the provisions of this section shall be divided into two classes. The first class to consist of the four members

Cutter's POLYVALENT Streptocidic Serum.

An anti-streptococcic serum that differs from all others in many essential features. WRITE FOR LITERATURE.(See page 261.)

from the odd number Congressional Districts of the State, and the second class of the remaining four members, the three from the even number Congressional Districts with the one from the State at large. The first class shall hold office under the said first appointment for the period of two years, until 1905; the second class for one year from the date of their appointment, until 1904. Thereafter the term of office of the first class shall expire on each odd number year of the calendar, and those of the second class on each even number year of the calendar: Provided, further, That the first nomination herein provided for, shall be held at the next annual meeting of said State Medical Association, and the members of the present Board shall continue in office until their successors are appointed and have qualified, as hereinbefore provided. The Governor shall appoint three competent homeopathic physicians from the State at large, who shall constitute a State Board of Homeopathic Medical Examiners, whose term of office, powers, duties, modes of procedure and compensation shall be the same as those of the Regular State Board herein provided for: Provided, That no applicant who has failed or who may hereafter fail in his examination by the State Board of Medical Examiners, shall be allowed to present himself or herself before the State Board of Homeopathic Examiners for examination: Provided, further, That no graduate of any medical college requiring less than a four years' course of study will be eligible for examination before this Board.

Sec. 4. Said Board of Medical Examiners shall meet regularly at Columbia, S. C., on the second Tuesday in June of each year, and continue in session until all applicants are duly examined.

A majority of said Board shall constitute a quorum for the transaction of business.

At their first meeting they shall organize by the election of a Chairman and a Secretary, who shall also be Treasurer, and said Board shall have power to call extra meetings, when necessary, and to make all necessary by-laws and rules for their government.

Sec. 5. It shall be the duty of said Board, when organized, to examine all candidates for examination, as hereinafter provided and described, and to pass upon their qualifications and fitness to practice medicine in this State, and to give to each succesful applicant a certificate to that effect, upon the payment of ten dollars to the Treasurer of said Board. Such certificate of qualification shall entitle the holder or holders thereof, respectively, to be registered as a lawful practicing physician by the Clerk of Court of the County in which he or she, or they, may reside, upon payment to said Clerk of Court a fee of twenty-five cents for each registration. No physician will be considered as a legally qualified practitioner, or as having fully complied with the law, until he shall have obtained said registry. In the interim between the meetings of the Board, the President and Secretary of the Board shall be allowed to grant temporary license to practice medicine until the next regular meeting of the Board, to such persons as would, under the above sections, be eligible for examination. Said temporary license shall not entitle the holder to registry with the Clerk of Court of the County in which he resides, but at the next regular meeting of the Board, the applicant must come up for the regular examination for permanent license.

Sec. 6. All persons who hold diplomas from any medical college or schools of established reputation, given prior to the passage of this Act, and who present certificates of their good moral character, and of their sobriety, from such reputable person or persons known to the Board, and who give evidence of sufficient preliminary education (equivalent to the possession of a teacher's first grade certificate), shall be eligible for examination before the Board, irrespective of their time of attendance upon medical lectures; but no person who shall graduate after the passage of this act, shall be eligible to appear before the Board for examination unless he or she shall give evidence, in addition to sufficient preliminary education, that he or she has attended four full courses of lectures of at least twenty-six weeks each, no two courses being in the same year, and has received a diploma of M. D. therefrom.

Sec. 7. The curriculum of the State Board of Medical Examiners shall be divided into two sections; the first comprising the junior or primary branches of medical education, hereafter to be designated as the Junior Curriculum. The second, comprising the senior and clinical portion of medical education, hereafter to be designated as the Senior Curriculum. The Junior Curriculum shall comprise the following branches, namely:

1. General Anatomy.
2. Physiology and Histology.
3. Materia Medica and Medical Botany.
4. Chemistry, Organic and Inorganic, and Medical Physics.
5. Bacteriology and Pathology.

The Senior Curriculum shall comprise:

1. Anatomy, Regional or Surgical.
2. Practical Hygiene and Sanitary Science, State Medicine.
3. Practical Uranalysis, Urinary Microscopy.
4. Therapeutics and Toxicology.
5. Surgery, General and Special, Surgical Procedure.
6. Practical Medicine and Diseases of Children.

Moores Brook Sanitarium
Charlottesville, Va.
For the treatment of Alcohol, Morphine, Opium, Cocaine and other Drug Habits.
(See Advt. inside Front Coves.)

7. Practical Obstetrics and Gynecology.
8. Medical Jurisprudence.

Said examinations shall be conducted either in writing or orally, or both, at the discretion of the Board.

Sec. 8. All applicants before the Board, holding a diploma from a four year graded medical college of established reputation, whether in or out of the State, who have pursued a study of four separate courses, and have attained a mark of not less than seventy-five per cent. on each individual branch of their curriculum, as evidenced by certificate from the Dean of their college, shall be exempted from examination in the Junior Curriculum, and shall be examined only on those subjects contained in the Senior Curriculum, as heretofore outlined. Those applicants who hold diplomas issued by chartered medical colleges, but whose term of attendance has been less than four years, as above stated, must pass upon both the Junior and Senior Curriculum, as must also those attending a four years' course who cannot produce a certificate showing that they have attained a mark of seventy-five per cent. on all the branches of their college curriculum.

Sec. 9. The Board shall be empowered without examination to indorse, upon receipt of the license fee of ten dollars, the licenses issued by other State Boards having an equal standard: Provided, Said other Boards accord to the licenses of the South Carolina State Board the same courtesy; and said other State Board licenses, when indorsed, shall entitle the holder to registry in this State, and to all the rights and privileges thereby granted.

Sec. 10. The standard required by the State Board of Medical Examiners shall be an average of not less than seventy-five per cent. on all the branches examined upon, and not less than sixty per cent. on any individual branch.

Sec. 11. The Board shall keep a record of all the proceedings thereof, and also a record or register of all applicants for a license, together with his or her age, time spent in the study of medicine, and the name and location of all institutions granting such applicant's degrees or certificates of lectures in medicine or surgery. Said books and register shall be prima facie evidence of all the matters therein recorded.

Sec. 12. The members of said Examining Board shall receive for their services the same per diem and mileage as is paid to the members of the General Assembly, for each day engaged. Said compensation to be paid from the State Treasury, upon the certificate of the President of the Board, countersigned by the Secretary. The license fees collected from applicants shall be turned into the State Treasury. There shall be set aside from said fees each year, the sum of fifty dollars (if so much be needed), as a contingent fee, for the purpose of supplying the Secretary with necessary stamps and stationery, and to print the proceedings of the Board.

Sec. 13. It shall be unlawful for any person or persons to practice medicine in this State who has failed to comply with the provisions as above recited, and any one violating the provisions of this Act shall be deemed guilty of a misdemeanor, and for each offense, upon conviction by any Court of competent jurisdiction, shall be fined in any sum not less than fifty dollars, nor more than three hundred dollars, or imprisonment in the county jail for a period of not less than thirty, nor more than ninety days, or both, at the discretion of the Court; one-half of said fine to go to the informant, and the other half to the State: Provided, That dentists and midwives, and those engaged solely in the practice of osteopathy, shall not be subject to the provisions of this Section. Nothing contained in this Act shall in any way affect or apply to physicians and surgeons who have already registered in accordance with the law now in force, nor shall it apply to commissioned medical officers of the United States Army or Navy, or the United States Marine Hospital Service, nor shall it include physicians or surgeons residing in other States and called in consultation in special cases with physicians or surgeons residing in this State, nor to physicians or surgeons residing in this State, nor to physicians, graduates of any reputable college, who have been practicing medicine for five years: Provided, That nothing contained in this Act shall in any way affect any person having a diploma from any legally chartered and regularly conducted school of osteopathy: Provided, further, That nothing in this Act shall be so construed so as to allow osteopaths to prescribe medicines and practice surgery: Provided, further, That the said osteopaths submit their diplomas or certificates of graduation from such college to the State Board of Medical Examiners, who shall grant a permit to practice osteopathy without examination upon the payment of a fee of five dollars to the said Board.

Sec. 14. In no case, wherein the provisions of this Act shall have been violated, shall any person so violating be entitled to receive a compensation for services rendered. But all persons now practicing, in accordance with the law now in force, or who may hereafter practice medicine or surgery, as herein provided, shall be entitled to charge, sue for and collect for their services.

Sec. 15. Upon the refusal of the said Board to grant a license to any applicant, an appeal may be had to the Governor, who may order a re-examination of the applicant, to be held in the presence of the Dean of the Faculty of any medical college in this State, and a Committee composed of seven practicing physicians.

Sec. 16. All Acts and parts of Acts inconsistent herewith are hereby repealed.

Approved the 27th day of February, A. D. 1904.

Representative Physicians in each city of the United States, administer the Oppenheimer Treatment for Alcoholism. Write to 159 West 34th St., New York. (See page 9.)

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "5 years of practice" section of the act; ¶, Druggist; ‡, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place., The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

SOUTH DAKOTA.

CAPITAL, PIERRE.

Population of State, 455,185.

(State Census of 1905.)

Number of Physicians, 536.

South Dakota was admitted to the Union November 3, 1889. It extends from 43 degrees to 46 degrees north latitude, and from 96 degrees, 22 minutes, 30 seconds, to 104 degrees west longitude, and is bounded on the north by North Dakota, on the west by Montana and Wyoming, on the east by Minnesota and Iowa, and on the south by Nebraska. It has an average length of 206 miles, with an average breadth of 375 miles, and comprises an area of 77,650 square miles, or 49,696,000 acres. The temperature varies during the year from 34 degrees below zero to 103 degrees Fahrenheit. The climate is more mild and genial than the latitude would seem to warrant, and the winters, though cold, are dry, and the air is bracing and invigorating. The average rainfall is about 27 inches, and as it mostly occurs during the warm season, it is most beneficial to vegetation. The atmosphere is dry and clear, and, owing to the elevation, malarial diseases are almost unknown, whilst pulmonary complaints are comparatively rare. Spring opens earlier than in Eastern States in the same latitude.

MEDICAL LAWS OF SOUTH DAKOTA.

(H. B. 150.)

ESTABLISHING A BOARD OF MEDICAL EXAMINERS.

An Act to establish a Board of Medical Examiners, making an appropriation for the same, regulating the practice of medicine, surgery and obstetrics, providing for licensing physicians and surgeons and providing for penalties for violations of such regulations of the practice of medicine, surgery and obstetrics.

Be it enacted by the Legislature of the State of South Dakota:

Sec. 1. Board Created.—There is hereby created a board of medical examiners for the purpose of examination, regulation, licensing and registration of physicians and surgeons in the State of South Dakota. Said board shall consist of seven members, who shall have been residents of the State of South Dakota for not less than five years preceding their appointment not more than two of whom shall be from the same county.

Sec. 2. Governor to Appoint.—The governor shall immediately after the taking effect of this act appoint seven skilled and capable physicians who shall constitute said board, two of whom shall hold their office for one year, two for two years, and three for three years from the date of their respective appointments, and until their successors are appointed, and the governor shall each year thereafter on or before the third day of July appoint for the term of three years two (2) or three, as the case may be, skilled and capable physicians to fill the vacancies caused by the expiration of the terms of such members as above provided. The governor shall fill by appointment all vacancies occasioned by death or otherwise.

Sec. 3. Board—of Whom Consist.—The said board shall consist of not more than four members from the school known as regular, not more than two from the school known as homoeopath, and not more than one from the school known as eclectic. Five members of this board shall constitute a quorum for the transaction of business.

Sec. 4. Meeting of—Election of Officers—Bond of.—The board shall meet at Huron, South Dakota, at a date to be named by the governor, for organization in 1903, and shall elect from their number a president, vice-president, and secretary who shall also act as treasurer and all officers shall be elected annually thereafter. Said board shall procure a common seal. The secretary and treasurer shall execute a bond, to the State of South Dakota, in the penal sum of two thousand dollars ($2,000) with two or more sufficient sureties. Said bond shall be conditioned upon the faithful discharge of his duties, and shall be approved by the governor.

Sec. 5. Meetings—When Held.—The board shall hold two regular meetings each year, beginning on the second Wednesday of July, and the second Wednesday in January of each year, and such additional meetings at such times and at such places as the board may deem advisable. The board shall have power to make rules and regulations for the government of the said board and its officers, and for the proper discharge of its duties.

Sec. 6. Record Must be Kept.—Said board shall keep a record of all proceedings thereof, and also a record or register of all applicants for a license together with his or her age, time spent in the study of medicine, and the location and name of all the institutions granting to such applicants degrees or certificates of lectures in medicine or surgery, such register shall also show whether such applicant was rejected or licensed under this act, said record or register shall be prima facie evidence of all matters therein recorded. No member of the said board shall belong to any faculty of any medical college or university nor shall any one of them be financially interested in the manufacture or sale of drugs, or the practice of pharmacy.

Sec. 7. Application for License—Qualification of Applicant.—On and after the taking effect of this act all persons desiring to begin the practice of medicine or surgery or obstetrics in any of their branches in this state shall make application to said board for a license to practice medicine, surgery or obstetrics in the State of South Dakota. Such license shall be granted to such applicants who shall give satisfactory proofs of being at least twenty-one (21) years of age and of good moral character, but only on compliance of the following conditions: The applicant shall be given such license if he shall pass an examination before the board upon the following subjects: Anatomy, physiology, chemistry, pathology, therapeutics, practice of medicine, surgery, obstetrics, gynæcology, disease of the eye and ear, bacteriology, medical jurisprudence, and such other branches as the board may deem advisable, and in addition thereto shall present evidence of hav-

THE OPPENHEIMER TREATMENT FOR ALCOHOLISM

ALCOHOLIC CRAVING OVERCOME IN 12 to 48 HOURS. REPRESENTATIVE PHYSICIANS in each city of the United States administer the Oppenheimer Treatment. Write for the name and address of the physician in your locality Oppenheimer Institute, 159 West 34th Street, New York City. (See Page 9)

ing attended four full courses of lectures of at least twenty-six (26) weeks each in a legally organized and reputable medical college recognized by the board of medical examiners, no two courses being in the same year and of having received a diploma from a legally organized and reputable medical college which shall be in good standing as shall be determined by the board, and said diploma must be submitted to the board for inspection and verification provided that the four courses of lectures of six months each shall not apply to applicants who graduated prior to 1898.

Sec. 8. Examination—How Conducted.—Said examination shall be conducted as follows: First, the applicant shall, before being permitted to take the examination, pay the secretary of the board an examination fee of twenty dollars ($20). Second, the examination shall be in writing, oral, or both, as the board may determine. Third, the questions on all subjects except therapeutics and practice of medicine shall be such as may be answered alike by all schools of medicine. The applicant shall if possible be examined in therapeutics and practice of medicine by those members of the board belonging to the same school as the applicant and a license and certificate shall not be refused any applicant because of his adherence to any particular school of medicine. The average percentage of at least seventy-five per cent of correct answers shall be required of every applicant. Any applicant who shall not pass the said examination, shall be eligible to a second examination at the next regular meeting of the board or at such time as the board may designate without an additional examination fee.

Sec. 9. License.—Said board shall grant a license to practice medicine, surgery and obstetrics in all their branches in the State of South Dakota to each applicant who has satisfactorily passed the said examination and has fulfilled all other requirements of this act. Said license can only be granted by the consent of not less than five (5) members of the said board and which said license shall be signed by the president and secretary of the said board and attested by the seal of the board. All examination papers, together with the lists of questions answered, shall be kept for reference and inspection for a period of not less than three (3) years.

Sec. 10. License Without Examination.—When.—The said board may, in its discretion, accept and license upon the payment of the license fee without examination of the applicant, any license which shall have been issued to him by the examining board of the District of Columbia, or any state or territory of the United States, provided, however, that the legal requirements of such examining board shall have been at the time of issuing such certificate, or license in no degree or particular less than those of the State of South Dakota at the time when such certificate or license shall be presented for registration to the board created by this act; and provided, further, that the provisions of this section contained shall be held to apply only to such of said medical examining boards as accept and register the certificate or license granted by this board without examination by them of the persons holding such certificates or license. Each applicant upon making application under the provision of this section shall pay to the secretary of the board a license fee of twenty dollars ($20).

Sec. 11. Board May Refuse to Grant License.—The board shall have the power and authority to refuse to grant a license under this act for unprofessional, immoral or dishonorable conduct on the part of the applicant. The action of the board in refusing to grant a license under this act shall be final.

Sec. 12. May Revoke License.—That board shall have the power and authority to revoke any license of any physician or surgeon heretofore or hereafter granted or issued upon complaint made to it on oath by one responsible person if it shall satisfactorily appear to the board, either, first, that such physician or surgeon has been guilty of unprofessional, immoral or dishonorable conduct; or, second, that such physician or surgeon has been convicted of a felony; or, third, if such physician or surgeon publicly professes or claims to cure, or treat disease, injury or deformity in such a manner as to deceive the public; or, fourth, gross professional incompetency; provided, that such license shall not be revoked except after a hearing before the board of medical examiners at which at least five members of such board shall be present and of which hearing the person holding the license to be revoked shall have had not less than ten days' written notice of the time and place of said hearing and only upon due proof of the facts stated in the complaint.

Sec. 13. Unprofessional or Dishonorable—Meaning of.—The words unprofessional or dishonorable conduct as used in Sections 11 and 12 of this act are hereby declared to mean, first, procuring or aiding or abetting a criminal abortion. Second, the employing of what is known as cappers or steerers. Third, the obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured. Fourth, wilfully betraying a professional secret. Fifth, all advertising of medical business in which untruthful or improbable statements are made or which are calculated to mislead or deceive the public. Sixth, all advertising of any medicine, or any means whereby the monthly periods of women can be regulated or the menses re-established if suppressed. Seventh, conviction of any offense involving moral turpitude. Eighth, habitual intemperance.

Sec. 14. Persons Aggrieved May Appeal.—All persons feeling aggrieved by the action of the board in revoking their license may appeal to the circuit court of the county in which the person whose license is revoked resides, in the same manner as now provided by law in cases of appeal from the decision of a board of county commissioners, and the perfection of such appeal shall operate as a stay to the revocation of said license until the final determination thereof by the court: Provided, however, that at any time during the pendency of such appeal the said board may appeal to the court for a temporary injunction restraining the appellant from the practice of medicine, surgery or obstetrics, until the final determination and judgment on such appeal which said injunction may in the discretion of the court be issued without the requirement of any bond."

PHYSICIANS Air Receivers (Tanks) of Various Styles.
PHYSICIANS STANDARD SUPPLY CO.
(See pages 1745, 1746.) PHILADELPHIA, PA.

Sec. 15. License Must be Recorded.—The person receiving a license to practice shall have the same recorded in the office of the register of deeds in the county where he resides and practices. The said register of deeds shall in July and January of each year furnish the secretary of the state board of medical examiners a list of all licenses so recorded.

Sec. 16. Moneys Must be Paid to State Treasurer.—All moneys received by the said board shall be paid to the state treasurer and shall be credited to the general fund of the state, and a receipt in duplicate for the same shall be filed with the secretary of said board of medical examiners, and in the office of the state auditor.

Sec. 17. Compensation of Members of Board.—Each member of the board shall receive as compensation the sum of five dollars ($5) per day for each day actually in attendance upon the meetings of the board and five cents for each mile necessarily traveled and his necessary expenses while attending such meetings. The secretary of the board of medical examiners shall receive as compensation for his services the sum of eight hundred dollars ($800) per annum, which salary shall be in full for his services as a member of the board. All bills for stationery, postage and other necessary expenses shall be approved by said board and sent to the auditor of the state who shall draw his warrant upon the state treasurer for the amount due.

Sec. 18. Medical Board Fund Established.—There is hereby established a fund to be known as the medical board fund and the sum of four thousand dollars ($4,000) is hereby appropriated out of the moneys in the state treasury not otherwise appropriated to meet the expenses of carrying out the provisions of this act for two years, namely, two thousand dollars ($2,000) for the year beginning February the 15th, 1903, and ending February 14th, 1904, and two thousand dollars ($2,000) for the year beginning February the 15th, 1904, and ending February the 14th, 1905. And the state treasurer is hereby directed and required to set such sum apart to the credit of such fund subject to the orders and disbursements as herein provided for. The money in the said fund shall only be paid out by the state auditor's warrant on said fund, on an order drawn by the secretary of the said board and countersigned by the president.

Sec. 19. Itinerant Physicians Must Procure Itinerant Licenses.—Any physician practicing medicine, surgery or obstetrics or professing or attempting to treat, cure or heal diseases, ailments or injuries by any medicine, appliance or method who goes from place to place, or from house to house, or by circulars, letters or advertisements, solicits persons to meet him or her for professional treatment at places other than his office at the place of his permanent residence is hereby declared to be an itinerant physician, and shall in addition to the ordinary physician's license as in this act provided procure an itinerant's license from the state board of medical examiners for which he shall pay to the secretary of the board the sum of five hundred dollars ($500) per annum. Upon the payment of said sum of five hundred dollars ($500) the board shall issue to the applicant therefor, a license to practice within the state as an itinerant physician for one year from the date thereof. The board may for the same reasons as specified in Sections 11, 12 and 13 of this act refuse to issue such itinerant's license, or having issued it, may revoke it for the same reasons as specified in Sections 11, 12 and 13 hereof.

Sec. 20. Penalty for Practicing Without a License.—Any person practicing medicine, surgery or obstetrics in any of their branches as an itinerant physician as in Section 19 hereof defined without having procured such itinerant license, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than five hundred dollars ($500) nor more than eight hundred dollars ($800) or by imprisonment in the county jail not less than thirty days nor more than ninety days, or by both such fine and imprisonment.

Sec. 21. Unlawful to Use Title and Prescribe—When.—When a person shall append or prefix the letters M. B., or M. D., or the title Dr. or Doctor or any other sign or appellation in a medical sense to his or her name or shall profess publicly to be a physician or surgeon, or who shall recommend, prescribe or direct for the use of any person any drug, medicine, apparatus or other agency for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury, or deformity after having received or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation, shall be regarded as practicing within the meaning of this act.

Sec. 22. This Act Not Applicable When.—This act shall not apply to the commission surgeons of the United States army, navy or marine hospital service in actual performance of their duties, nor to regularly licensed physicians or surgeons from outside this state in actual consultation with physicians of this state nor to dentists or osteopahs in the legitimate practice of their profession nor to Christian Scientists as such, who do not practice medicine, surgery or obstetrics by the use of any material, remedies or agencies, nor to resident physicians and surgeons of this state regularly licensed and practicing in this state at the time of the taking effect of this act.

Provided, however, that the license heretofore or hereafter granted to any physician or surgeon may be revoked for the same reason, and in the same manner as stated and provided in Sections 12 and 13 hereof.

Sec. 23. Presentation of Fraudulent Diplomas—Penalty.—Any person who shall present to the board of medical examiners a fraudulent or false diploma, or one of which he is not the rightful owner for the purpose of procuring a license as herein provided for, or who shall file or attempt to file with the register of deeds of any county in the state a license of another representing the same to be his own, or shall falsely personate any one to whom a license has been granted, or who shall file or attempt to file with the register of deeds of any county in the state, a license of another with the name of the party to whom it was granted or issued erased, and his own name inserted in its place, or who shall file or attempt to file with the board of medical examiners any false or forged affidavits of identification, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars ($50) nor more than one

hundred dollars ($100) or by imprisonment in the county jail for a period of not more than thirty days, or by both such fine and imprisonment.

Any person who shall practice medicine or surgery or obstetrics in any of their branches in this state without having obtained a license as in this act provided shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars ($50) nor more than one hundred dollars ($100) or by imprisonment in the county jail for a period of not more than thirty days, or by both such fine and imprisonment; provided, that the provisions of this section shall not apply to the provisions of Sections 19 and 20 of this act, nor modify or change the penalties prescribed in Section 20 hereof.

Sec. 24. Duty of State's Attorney.—It shall be the duty of the state's attorney to prosecute any and all violations of this act committed in his county.

Sec. 25. Repeal.—All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

Sec. 26. Emergency.—An emergency is hereby declared to exist, and this act shall take effect and be in force from and after its passage and approval.

Approved March 5, 1903

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homœopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‡, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

B C

TENNESSEE.

CAPITAL, NASHVILLE.

Population of State, 2,020,616.
(U. S. Census of 1900.)

Number of Physicians, 3,802.

The State of Tennessee extends from 35 degrees to 36 degrees 41 minutes north latitude, and from 81 degrees 45 minutes to 90 degrees 14 minutes west longitude, and is bounded on the north by Kentucky and Virginia, on the south by Georgia, Alabama and Mississippi, on the east by North Carolina, and on the west by Arkansas and Missouri. It comprises an area of 45,600 square miles, or 29,184,000 acres. The climate is mild, equable and salubrious, the mean annual temperature as observed at Nashville being 58.32, that of the summer 76.32, and of the winter 39.67. The average annual rainfall is about 45 inches.

For list of Medical Colleges see page 152.

STATE BOARD OF HEALTH.

MEDICAL LAW OF TENNESSEE.

CHAPTER 78. HOUSE BILL NO. 478.

A BILL to be entitled, An Act to regulate the practice of medicine and surgery in the State of Tennessee, and to define and punish offenses committed in violation of this Act; and to repeal an Act passed April 3, 1889, and approved April 4, 1899, and being Chapter 178 of the Acts of 1899, entitled "An Act to regulate the practice of medicine and surgery in the State of Tennessee;" and to repeal all Acts amendatory of said Chapter 178 of the Acts of 1889.

Section 1. Be it enacted by the General Assembly of the State of Tennessee, That no person shall practice medicine in any of its departments within this State unless and until such person shall have obtained a certificate of license from the State Board of Medical Examiners hereinafter created, and shall have recorded it in the County Court Clerk's office in the county or counties in which he proposes to practice: Provided, however, that the provisions of this Act shall not apply to any person or persons who at the time of its passage are duly and regularly licensed by law to practice medicine in any of its branches in this State.

Sec. 2. Be it further enacted, That there shall be a Board, to be known as the State Board of Medical Examiners, and to consist of six graduated physicians of not less than six years' experience each in the practice of medicine or surgery, one or both, two of whom shall reside in each grand division of the State, and whose duty it shall be to examine into the qualifications of all applicants for certificates of license to practice medicine or surgery in this State: Provided, however, that the three schools of medicine shall be represented on said Board of Examiners as follows: Four representatives from the regular school of medicine, one from the eclectic, one from the homoeopathic school of medicine; and provided, also, that no member of said Board shall be connected with any medical college of the State or State Board of Health.

Sec. 3. Be it further enacted, That the members of said Board shall be appointed by the Governor, and shall hold office for a term of four years; but all vacancies occurring in the Board by reason of death or resignation shall be filled by the Board itself for the unexpired term: Provided, however, that the first Board shall be appointed upon the expiration of the term of the present Board, shall be appointed as the term of the present members of the Board expires, and shall within thirty days from said appointment meet and organize, and shall serve, one from each grand division of the State, for two years, and one from each grand division for four years, deciding by lot or agreement among themselves as to their respective terms of office.

Sec. 4. Be it further enacted, That the State Board is authorized to elect from its own members a president and secretary, and to create such other offices and to adopt such bylaws as may be necessary and proper for the efficient operations of the Board. Three members shall constitute a quorum, and a majority of those present shall be necessary to reject any application; but such rejection shall not bar the applicant from a re-examination after the lapse of six months.

Sec. 5. Be it further enacted, That a regular meeting of the Board shall be held once each year in the city of Nashville, Tennessee, so long as the period of temporary licenses hereinafter provided for shall continue, and shall thereafter be held semi-annually in the said city of Nashville; but special meetings may be held oftener upon the call of the President.

CUTTER'S VACINE VIRUS, not only yields a high percentage of "takes," but no bad results have ever, either remotely or immediately followed its use. (See page 261.)

Sec. 6. Be it further enacted, That persons desiring to obtain a certificate of license to practice medicine or surgery in this State shall make application therefor in writing to said State Board of Medical Examiners, which application shall be accompanied by the examination fees hereinafter prescribed, and by satisfactory proof that the applicant is of good moral character. When these preliminary requirements are satisfied, the applicant shall then present himself before the Board for examination upon the following branches, viz: Anatomy, Physiology, Chemistry, Pathology, Surgery,Obstetrics, Materia Medica, and Practice; but the member or members of the Board representing each separate school of medicine shall have the right to examine all applicants of that school in the branches peculiar to the teachings of that school, and the Board shall accept the grade placed by such member or members upon such special branches: Provided, however, that graudates of any reputable medical college in the State of Tennessee shall, until June 1, 1902 be granted a certificate of license by said Board without reference to the number or lengths of terms attended, and without the examination hereinabove prescribed; but this proviso shall cease and determine after June 1, 1902.

Sec. 7. Be It Further Enacted, That the two members of said Board in each grand division of the Stae shall, at such time or times as the Board may direct, meet at some convenient point in their respective divisions for the purpose of examining applicants for permanent licenses. Such meetings shall be held at stated periods, and the questions to be propounded upon such examinations shall have been determined upon in advance by the Board, and shall be identical in each division; and such examinations shall be held on the same day in each division, and under uniform rules and regulations, to be adopted by the Board. The examination papers shall be sealed up and carried to Nashville to the annual meeting of the Board, at which time they shall be examined, graded, and passed upon by the Board in annual session, and the results declared and certificates issued to those entitled to receive them. The Board, or any of its respective sections, may, at the opiton of the members, supplement such written examination by an oral examination, and the recorded value of such oral examination may be given such importance as each member of the Board sees fit.

Sec. 8. Be it further enacted, That, if the applicant for examination shall thereupon be found worthy and competent by the Board, it shall issue to him a certificate of permanent license, in accordance with the facts in each case, to practice medicine or surgery in this State.

Sec. 9. Be it further enacted, That, in order to prevent delay and inconvenience, the two members of the Board of any grand division of the State may grant a certificate of temporary license to any applicant who is permanently located as a resident of some designated place in that division of the State, upon satisfactory evidence to them that such applicant possesses the qualifications hereinabove required, and upon examination by them of such applicant in the subjects named in Section 6 of this Act, and make report thereof to the next regular meeting of the Board. Such temporary license shall not continue in force longer than until the conclusion of the next regular meeting of the Board, and shall in no case be granted within six months after the applicant has been refused a certificate of license by the Board; Provided, that after January 1, 1903, no certificate of temporary license shall be issued. (The legislature of 1903 extended the Temporary License provision indefinitely.)

Sec. 10. Be it further enacted, That the Board of Examiners shall keep a record of their proceedings in a book for that purpose, which book shall be open for inspection, and shall record the name of each applicant, the time of granting a certificate of license, the names of the members of the Board present; and where a certificate of license is denied by the Board to any applicant under authority of this Act, the fact and ground of such denial shall be entered on the minutes of the Board, and shall be communicated in writing to such applicant.

Sec. 11. Be it further enacted, That the Board is empowered to demand a fee of ten dollars for an examination for a certificate of permanent license, and five dollars for an examination for a certificate of temporary license, and to demand for the issuance of a certificate of permanent license five dollars, and for the issuance of a certificate of temporary license one dollar.

Sec. 12. Be it further enacted, That any person thus receiving a certificate of license, whether permanent or temporary, from the State Board of Medical Examiners shall forthwith have it recorded in the office of the County Court Clerk of the county in which he proposes to practice, and the date of such recording shall be indorsed thereon; and such license, when so recorded, shall not be collaterally questioned in any legal proceeding. Until the license is recorded the holder shall not exercise any of the rights or privileges therein conferred, and, in case said license is not recorded within three months from the date of its issuance, it shall become invalid. The clerk shall be paid a fee of fifty cents for recording said certificate. Any registered physician removing his residence from one county in this State to another, in order to practice medicine, shall in like manner record the certificate of license in the county to which he removes, and the holder of the certificate shall pay to the County Court Clerk the usual fee for so doing. Practitioners who have registered in the county in which they reside may go from one county to another on professional business without being required to register.

Sec. 13. Be it further enacted, That the County Court Clerk of each county shall keep, in a book to be provided for that purpose, a complete list of the certificates of license recorded by him, together with the date of each, and the date of recording. He shall, further, record the name of the medical college which conferred the diploma on which the certificate is based, and the date when conferred; and the clerk shall hereafter, beginning with the first Monday in July, 1901, and regularly at the expiration of every six months thereafter, report to the secretary of the said Board of Medical Examiners a list of such registrations in his office, together with a list of the deaths and removals from his county of physicians who have thus registered, for which service the clerk shall be paid, out of the funds of the Board, ten cents for each name so reported. This register of the County Court Clerk shall be open for inspection during business hours.

Moores Brook Sanitarium
Charlottesville, Va.
For the treatment of Alcohol, Morphine, Opium, Cocaine, and other Drug Habits.
(See Advt. Inside Front Cover.)

Sec. 14. Be it further enacted, That the members of said Board shall receive as a compensation for their services ten dollars per day while in the actual service of the Board, and also their actual hotel and traveling expenses by the most direct route to and from their respective places of residence, which, together with the necessary expenses of each meeting of the Board, shall be paid out of any moneys in the treasury of the Board, upon the certificate of the president and secretary.

Sec. 15. Be it further enacted, That the Board shall have the right and power to revoke any license upon the ground that it was procured by fraud, or that the licensee has been guilty of unprofessional or dishonorable conduct.

Sec. 16. Be it further enacted, That the words, unprofessional or dishonorable conduct, as used in Section 15 of this Act, are hereby declared to mean.

First—By procuring or aiding or abetting in procuring a criminal abortion.

Second—The obtaining of any fees on the assurance that a manifestly incurable disease can be permanently cured.

Third—The willfully betraying of a professional secret.

Fourth—All advertising or medical business in which untruthful and improbable statements are made.

Fifth—All advertising of medicine or means whereby the monthly periods of women can be regulated or menses re-established if suppressed.

Sixth—Conviction of any offense involving moral turpitude.

Seventh—Habitual intemperance or excessive use of narcotics.

Sec. 17. Be it further enacted, That it shall be unlawful for any itinerant physician or person, vendor of any drug, nostrum, ointment, or application of any kind, intended for the treatment of diseases or injury, to sell or apply the same; or for such itinerant physician or vendor, by writing, printing, or other methods, to profess to cure or treat diseases or deformity by any drug, nostrum, manipulation, or other expedient in this State, and whoever shall violate the provisions of this section of this Act shall be guilty of a misdemeanor, and, upon conviction thereof before a court of competent jurisdiction, shall be fined in any sum not less than $100 and not exceeding $400.

Sec. 18. Be it further enacted, That any person who shall not at the time of the passage of this Act be duly and regularly licensed by law to practice medicine or surgery in this State, and who shall, notwithstanding, practice medicine or surgery in this State without having first complied with the provisions of this Act, shall, for each and every instance of such practice, be guilty of a misdemeanor, and, on conviction thereof, be fined in the sum of not less than $10 nor more than $25; and any person filing or attempting to file, as his own, a diploma or license of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction thereof shall be subject to the punishment prescribed by law for the crime of forgery. All fines for offenses under this act shall be paid over to the Board of Medical Examiners, to constitute a part of the funds of said Board.

Sec. 19. Be it further enacted, That any person shall be regarded as practicing medicine within the meaning of this Act, who shall treat or profess to treat, operate on, or prescribe for any physical ailment or any physical injury to or deformity of another; Provided, that nothing in this section shall be construed to apply to the administration of domestic or family remedies in cases of emergency, or to the laws regulating the practice of dentistry; and this Act shall not apply to surgeons of the United States army, navy, or marine hospital service, or to any registered physician or surgeon of other States when called in consultation by a registered physician of this State, or to midwives, or to veterinary surgeons, or to osteopathists not giving or using medicine in their practice, or to opticians, or to Christian scientists.

Sec. 20. Be it further enacted, That it shall not be lawful for the Board of Medical Examiners, or any member thereof, in any manner whatever, or for any purpose to charge or obligate the State for the payment of any money; and said Board shall look alone to the revenue derived from the operation of this Act for the compensation designated in Section 14 hereof, and, if said revenue is not sufficient to pay each member in full, together with the necessary expenses of the Board, then the amount available shall be pro rated among the members. But, if there should be a greater revenue derived than shall be required to pay the compensation and expenses hereinbefore directed, any surplus remaining therefrom shall be paid to the Comptroller of the State, who shall receipt the Board for the amount so received and shall account for said money as for other State revenue.

Sec. 21. Be it further enacted, That the grand jury of each county in this State is hereby given inquisitorial power over all offenses against or violations of this Act, and the circuit and criminal judges shall give the same in their charges to the grand juries. And the Board shall designate one of its members in each grand division of the State, whose duty it shall be to report any violations of this Act to the proper authorities.

Sec. 22. Be it further enacted, That it shall be a misdemeanor, and shall disqualify from office, for Board of Medical Examiners to issue a certificate of license to any person only as prescribed or set forth in this Act: Provided, however, if the Board should be disqualified from office, the Governor shall appoint a new Board in full as provided in this Act.

Section 23. Be it further enacted, That Chapter 178 of the Acts of 1889, entitled "An Act to regulate the practice of medicine and surgery in the State of Tennessee," together with all acts amendatory thereof, towit: Chapter 109 of the Acts of 1891, Chapter 61 of the Acts of 1897, and Chapter 148 of the Acts of 1899, said amendatory Acts being germane to the purpose and style of the said Act of 1889, and all other laws and parts of laws in conflict with this Act, be, and the same are hereby repealed.

Sec. 24. Be it further enacted, That this Act take effect from and after its passage, the public welfare requiring it.

Passed April 20, 1901.

E. B. WILSON, Speaker of the House of Representatives.
NEWTON H. WHITE, Speaker of the Senate.

Approved April 22, 1901.

BENTON McMILLAN, Governor.

CHAPTER 111. HOUSE BILL NO. 294.

An act to amend Section 1 of Chapter 78 of the Acts of 1901, entitled A Bill to be entitled, An Act to regulate the practice of medicine and surgery in the State of Tennessee, and to define and punish offenses committed in violation of this Act; and to repeal an Act passed April 3, 1889, and approved April 4th, 1889, and being Chapter 178 of the Acts of 1889, entitled "An Act to regulate the practice of medicine and surgery in the State of Tennessee," and to repeal all Acts amendatory of said Chapter 178 of the Acts of 1889.

Section 1. Be it enacted by the General Assembly of the State of Tennessee, That Section 1 of Chapter 78, Acts of 1901, be amended by adding: and provided further, that the provisions of this Act shall not apply to any graduate of a reputable medical college, who has been a practitioner of medicine or surgery for more than 10 years in the State of Tennessee, at the date of the passage of this Act.

Sec. 2. Be it further enacted, That this Act take effect from and after its passage, the public welfare requiring it.

Passed March 27th, 1905.

W. K. ABERNATHY, Speaker of House of Representatives.
E. RICE, Speaker of the Senate.

Approved March 30, 1905.

JOHN I. COX, Governor.

BY-LAWS OF STATE BOARD OF MEDICAL EXAMINERS.

ARTICLE 1.—OFFICERS.

Section 1. The officers of the Board shall be a President, a Vice-President, a Secretary and a Treasurer. The offices of Secretary and Treasurer may for the present be united and filled by one officer.

Sec. 2. The officers of the Board shall be elected by ballot, and shall serve for three years, or until their successors shall have been elected and qualified. If more than two names are voted for for the same office, after the second ballot, the one receiving the smallest number of votes shall be dropped till a choice is made, a majority of the quorum present being necessary to a choice.

Sec. 3. Five members of the Board shall constitute a quorum for the transaction of any business.

DUTIES OF OFFICERS.

Sec. 4. The different officers of the Board shall discharge the duties that usually pertain to their respective offices.

At each meeting of the Board the President and Secretary shall submit to the Board such reports of its work as they may deem best; provided that at each annual meeting the Secretary and Treasurer shall present a full and detailed report of all matters in any way pertaining to the two offices. The Secretary and Treasurer shall perform such other duties as are imposed upon him by the Act creating the Board, keeping for that purpose all books that may be necessary for the systematic workings of the offices. For his services he shall receive such compensation as may from time to time be allowed him by the Board.

No money shall be paid to the Secretary, except upon an order of the President, after the allowance and appropriation have been made by the Board. All other payments shall be made as provided in the Act.

EXAMINATIONS.

Sec. 5 (a) Examinations shall be both written and oral upon all branches specified in the Act. The written examination shall be conducted in the presence of the Board, such time being allotted to each branch as may be agreed upon by the Board. The same questions for the written examinations in the different branches, as fixed by the Act, shall be given to each applicant for examination, except as provided in the Act as to the different schools of medicine. The examinees shall be required to answer 75 per cent in value of all these questions before any license shall be granted; provided, that in questions on materia medica and therapeutics the value of the answers given shall be determined by the member, or members, of the Board representing the school of medicine the applicant claims to practice.

(b) All examination papers must, when finished, have a certificate appended, stating that the writer has "neither given nor received any assistance whatsoever during the examination," and must be signed by the applicant, giving his postoffice, age; when, how long, and under what preceptor (if any), and when, how long, and in what college he has studied medicine or attended lectures or graduated; when, where, how long, and at what places (if any) he has practiced medicine, and the school of practice chosen.

At a called meeting of the Board of Medical Examiners, held May 13, 1897, the following resolution in regard to examinations was unanimously adopted:

"Resolved, That the Secretary, in connection with the President, prepare proper blanks, numbering same, for applications for examination, gathering all information concerning applicants; that these numbered applications be signed by applicant with his full name; that each applicant inclose his application in a sealed envelope provided for the purpose, numbered on the back, and deliver the same to the Secretary before proceeding with his examination; that each one sign his examination papers with simply the number on his application blank, and that papers be passed upon before any envelopes be opened by the Board."

EXAMINATION QUESTIONS.

Sec. 6. At least two (2) weeks preceding any meeting of the Board, when examinations are to be held, the President of the Board shall notify each member of the Board to prepare questions for examination on one or more subjects connected therewith, naming the subjects.* The members having at once prepared the questions, as requested, shall transmit the same to the President, who shall from them all prepare a list of six (6) or more questions upon each subject, and shall have enough copies of the same printed to furnish each examinee with one copy. When the Board con-

SPIROMETERS
(See pages 1745, 1746.) PHYSICIANS STANDARD SUPPLY COMP'Y, Philadelphia, Pa.

venes, these questions, as printed, shall all be submitted to the Board, and when approved, or altered and then approved, shall constitute the examination for that meeting. The President may, at his discretion, divide the examinees for their oral examinations among the different members of the Board.**

LENGTH OF TIME FOR EXAMINATIONS.

Sec. 7. Before entering upon the examination of applicants for certificates, the Board shall decide how much time shall be devoted to the examinations, and shall notify the examinees of that decision through the President of the Board.

ENGLISH EDUCATION.

Sec. 8. In examining the written answers of the applicants, the evidences of an English education as shown in the papers shall be considered, in determining the fitness of an applicant for license to practice medicine in this State.

TEMPORARY LICENSE.

Sec. 9. Examinations for temporary license shall always be conducted in writing; and the member of the Board who examines the applicant for temporary license shall, after grading his papers, forward them to the member of the Board living in the same section of the State with him, who shall then examine the papers carefully and rate them, and at once return to the first Examiner. If the average of the two ratings shall reach or exceed 75 per cent., then the first member who made the examination shall make out and sign a temporary license, and forward the same to the second member, who shall then sign and forward to the examinee.

*At the meeting of the Board, February 29, 1894, it was agreed to assign the different subjects for examination by lot to the several members of the Board.

**Any member of the Board may examine upon any or all of the different subjects.

FEES.

Sec. 10. The fees shall be as fixed in the Act (Section 11.) No examination shall be made, either by the whole Board or any member thereof, nor any temporary license or certificate be issued, till all fees are paid. All fees collected by the members of the Board shall be paid over to the Secretary and Treasurer in full time to make out his report to the Board. When these fees are remitted to the Secretary and Treasurer, they shall be accompanied by a report from the member or members sending them, showing from what sources they are received, giving in detail such information in regard to all applicants for license as may be needed by the Secretary in keeping and properly arranging his books.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homœopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‡, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 1485-1489) indicates the college of graduation, and the last number the year in which diploma was granted.

FERRIDINE IN TUBERCULOSIS

THE SPECIFIC VALUE OF FERRIDINE IN TUBERCULOSIS (with associate treatment) has now become Recognized and Established by Clinical Trials too Numerous and Decisive to be Questioned.

Its Rationale is Clearly Defined. It is a powerful Vascular Constringent and Resolvent and Specifically Reduces the Area of Occlusion and Infiltration, Sheltering the Parasites, and Preserves the parts from Tissual Degeneration and Formation of Cavities—the Real Lethal Factors in the case.

No Cavities, No Consumption.

Again, It is an Active Corpuscle Builder and a Specific Anti-Suppurant. It protects the Blood and Secretions against Dyscrasia from Sepsis and Arrests Suppuration and Drains—matters of prime importance.

Such properties make Ferridine an Ideal Remedy in Tuberculosis and Clinical Trials Warrant the Claim, not a single failure being reported in the Incipient, or Pre-Cavital, Stage and some very remarkable cures in the Cavital, in several instances where the case seemed hopeless.

Dr. Basil George, Enterprise, Miss., the tenth in his family to be stricken with this disease, and progress active, reports, that the assiduous use of Ferridine and Nux Cinchona, with Methtan endermics, practically aborted the case in two months.

Has done brilliant work in Syphilis, Adenitis, Rheumatism, Neuralgia, Mucous Suppurations, Asthma, Neurasthenias, Anemias, Eczemas, etc.

The Methtan Endermics and Nux Cinchon. Comp. Tablets are regarded as valuable adjuncts to Ferridine, and these three constitute the "Ferridine Treatment."

Write for descriptive literature and trial sample for 3 weeks' treatment.

Ferridine is concentrated and sold only in 1 and 2 oz. bottles.

PRICES.

Liq. Ferridine, Conc. 1 oz., to last patient 3 to 4 weeks	$0.60
Liq. Ferridine, Conc. 2 ozs., to last patient 6 to 8 weeks	1.00
Methtan, Conc. 2 ozs., to make 8 ozs. Solution for use	.60
Methtan, Conc. 4 ozs., to make 1 pint Solution for use	1.00
Nux Cinchon. Comp. Tablets, per 100, $1.00; per 300	2.50

Special prices on quantities.

THE GRAMM SPECIALTY CO., Winchester, Tenn., U. S. A.

ANEDEMIN

A unique and scientific combination of three of the more recently investigated members of the Digitalis series. It contains the active principles of Apocynum Canabinum, Strophanthus Hispidus, Urginea Scilla, with Sambucus Canadensis as adjuvant. Anedemin is a remedy vastly superior to Digitalis and the prescriptions hitherto in use for the positive removal and permanent relief of dropsical effusions, due to cardiac, renal or hepatic diseases; a true cardiac tonic, in the full therapeutic sense of the term; a maintainant of perfect balance between the arterial and venous systems. Prepared in convenient tablet form, advertised to physicians only. For descriptive literature, and liberal supply for trial treatment, address the manufacturers,

Anedemin Chemical Company,

WINCHESTER, TENN., U. S. A.

DO NOT STAMMER

Our new Institute provides accommodation for one hundred students. Surroundings home-like, moral and wholesome. Cures lasting and permanent. Our 200 page book, "The Origin and Treatment of Stammering," sent free to physicians upon request. Read our adv. opp. Class. Schools for Stammerers.

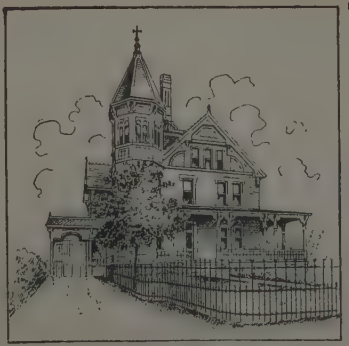
Dr. Pettey's Retreats

Devoted Exclusively to the Treatment of

ALCOHOL & DRUG ADDICTIONS

MEMPHIS, - TENNESSEE
DENVER, - COLORADO
OAKLAND, CALIFORNIA



MEMPHIS RETREAT
Geo. E. Pettey, M.D., Med. Director.
Dan'l R. Brown, M.D., House Physician.

DENVER RETREAT
John H. McKay, B.S., M.D.,
Medical Director

OAKLAND RETREAT
C. L. Case, M.D.,
Medical Director.

These Institutions are owned and controlled by reputable physicians and are conducted upon strictly ethical lines. They were opened and are being maintained solely for the purpose of treating the ALCOHOL and NARCOTIC DRUG ADDICTIONS by methods based upon the original investigations of Dr. Geo. E. Pettey, of Memphis, Tenn., and first published to the profession by him in 1901. (See Therapeutic Gazette, October, 1901.)

The method of treatment introduced by Dr. Pettey removes these addictions from the list of almost incurable diseases and renders them *the most certainly and readily curable of all the chronic ailments.*

A H O

TEXAS.

CAPITAL, AUSTIN.

Population of State, 3,048,710.
(U. S. Census of 1900.)
Number of Physicians, 5,694.

Texas, the largest State in the Union, extends from 25 degrees 51 minutes to 36 degrees 30 minutes north latitude, and from 93 degrees 31 minutes to 106 degrees 43 minutes west longitude, and is bounded on the north by the Indian Territory, on the southeast by the Gulf of Mexico, on the southwest by Mexico, on the east by Arkansas and Louisiana, and on the west by New Mexico. It comprises an area of 274,356 square miles, or 175,587,840 acres.

The climate is warm, but equable and salubrious, and the mean annual temperature, as observed at Austin, is 66.72 degrees, and at Galveston 69.38 degrees. In the extreme south it is about 75 degrees, and in the north it falls to 56 degrees. The average annual rainfall is about 41 inches. There are numerous mineral springs scattered throughout the State, The Specific Well at Mineral Wells having a national reputation.

The following table shows increase in population during 50 years:

1850	212,593	1880	1,591,749
1860	604,215	1890	2,235,523
1870	818,579	1900	3,048,710

For list of Medical Colleges, see page 152.

DEPARTMENT OF PUBLIC HEALTH AND VITAL STATISTICS.

Office, Capitol Bldg., Austin.

State Health Officer, G R Tabor, M D; Sec, E E Walker. Quarantine Officers: E F McClendon, M D, Galveston; P J Shaver, M D, El Paso; J M McKnight, M D, Laredo; J H Florence, M D, Brownsville; I H Brewton, M D, Eagle Pass; W R P Thompson, M D, Sabine; J F Eaves, M D, Rock-

Texas Sanitarium FOR Tuberculosis

Incorporated under the laws of the State of Texas

LLANO, TEXAS

Officers:

J. T. WILSON, M. D., President, Sherman, Texas.
J. W. MCLAUGHLIN, M. D., Vice-President, Galveston, Texas.
M. M. SMITH, M. D., Secretary-Treasurer, Austin, Texas.

THIS new Sanitarium, devoted exclusively to the care and treatment of Tuberculosis is situated at Llano, Texas, one hundred miles from Austin, on the Houston and Texas Central Railroad. The location is an ideal one, being one mile from the little "Granite City" of Llano. The place has an altitude of 1100 feet, in a dry climate and free from dust. The climate at Llano is well known for its suitability for the treatment of this disease, as verified by those who have been benefitted by a few months' stay at this place. :: :: :: ::

¶ This sanitarium is equipped with all modern conveniences, and is conducted in a first-class manner. EVERYTHING IS FIRST-CLASS IN EVERY DEPARTMENT. A resident physician and trained nurses are in constant attendance. Telephonic connections. :: :: ::

¶ A booklet of views and descriptive literature will be gladly furnished upon application. :: :: ::

For further information address the Secretary-Treasurer

Dr. M. M. Smith

Box 177 Austin, Texas

MEDICAL LAW OF TEXAS.

An Act to repeal Title LXXXII., of the Revised Statutes of the State of Texas, and to pass in lieu thereof this act: To license physicians and surgeons and endeavor to regulate the practice of medicine, and to punish persons violating the provisions thereof in the State of Texas.

Section 1. Be it enacted by the Legislature of the State of Texas: That Title LXXXII., Articles 3777, 3778, 3779, 3780, 3781, 3782, 3783, 3784, 3785, 3786, 3787, 3788, 3789, of the Revised Statutes of Texas, be and are hereby repealed, and the following be enacted:

Sec. 2. There shall be established three boards of medical examiners for the State of Texas, to be named and styled "the Board of Medical Examiners for the State of Texas," "the Board of Eclectic Medical Examiners for the State of Texas," and "the Board of Homeopathic Medical Examiners of the State of Texas," said boards to consist of nine members each, whose terms of office shall be for two years or until their successors have been appointed and qualified; provided, that no member shall be a professor or teacher in any medical school.

Sec. 3. The said boards shall consist of men learned in medicine and surgery now in active practice, who shall have resided in the State of Texas, and shall have practiced medicine for not less than five years prior to their appointment, having complied with the laws relating to the practice of medicine already in force in the State of Texas, and shall be appointed by the governor on the tenth day of May following his inauguration, from a list of names twice the number to be appointed to be furnished him and recommended by the Texas State Medical Association, the Eclectic Medical Society of the State of Texas, the Homeopathic Medical Society of the State of Texas; provided, however, in case the Governor shall consider any of the persons so recommended unsuitable he may decline to appoint any such person or persons, and communicate the fact to the presiding officer of the society presenting the nomination, and such society shall, within sixty days thereafter, make other recommendations; and provided, that no one shall be eligible to ap-

pointment or service on such medical board who is addicted to intoxication or the habitual use of morphine, cocaine, or other such drugs. Vacancies occurring in such board shall be filled from the list already in the hands of the Governor for unexpired terms.

Sec. 4. The members of such boards shall qualify by taking the usual oath of office before the county judge of the county in which they shall respectively reside. The officers of said board shall be a president, vice-president, and secretary, who shall also act as treasurer. Six members shall constitute a quorum. Regular meetings of the boards shall be held at least twice a year at such times and places as the boards may from time to time determine. Due notice of said meetings shall be given by publication in such papers as may be selected by the boards. Special meetings may be held upon the call of the president and two members. The board may prescribe rules, regulations and by-laws for their own proceedings and government, and for the examination by its members of applicants for the practice of medicine, surgery and midwifery.

Sec. 5. It shall be the duty of said boards at any of their meetings to examine all persons making application to them who shall desire to commence the practice of medicine, surgery, midwifery in this State, and who shall not by the provisions of this act be exempt from such examination, and when an applicant shall have passed a satisfactory examination a certificate signed by all the members of the board shall be issued to said applicant entitling him or her to practice medicine, surgery, obstetrics in the State of Texas, and shall have affixed to it the seal of the State of Texas.

Sec. 6. In case any applicant shall fail to pass a satisfactory examination he or she shall not be permitted to stand any further examination within one year thereafter, and in no event shall an applicant who stands rejected by one of said boards be examined or licensed by either of the other boards. If an applicant desires to practice a system not represented by any of the boards hereby established, he or she may elect for himself or herself the board before which he or she will appear for examination; provided, that no applicant shall be rejected because of his or her adherence to any particular school of medicine or system of practice, nor on account of his or her views as to the method of treatment, and cure of disease; and provided further, when in the opinion of the presidents of the boards any applicant has been unavoidably prevented from appearing before board at their regular meeting, said president shall, upon notification, appoint a committee of three members to examine such applicant, and if the examination be satisfactory notify the secretary, who shall issue him or her a temporary certificate, which shall have the same force and effect as though granted by the full board until the applicant shall have the opportunity to appear before the board at its next regular meeting when said temporary certificate shall become void. No applicant shall be admitted to examination who cannot submit satisfactory evidence that he or she is more than twenty-one years of age, and is of good moral character. Applications for license must be made in writing and presented to the president or secretary of the board before which the applicant desires to appear and must be accompanied by a fee of fifteen dollars; provided, when an applicant desires to practice midwifery alone the fee shall be five dollars.

Oppenheimer Institute
159 West 34th St., New York City
Successfully treats Alcoholism and all forms of Drug Addiction. (See page 9.)

Sec. 7. The boards of examiners shall keep a record of their proceedings in a book kept for that purpose, showing name, age, place and duration of residence of each applicant, the time spent in medical study in or out of medical schools which have granted said applicant any degree or certificate of attendance upon lectures in medicine; said register shall show also whether said applicant was rejected or licensed and shall be prima facie evidence of all matters contained therein.

Sec. 8. From and after the passage of this amendment it shall be unlawful for any person to practice medicine, surgery or obstetrics in this State except: First, all those who were practicing medicine in Texas prior to January 1, 1885. Second, all those who began the practice of medicine in this State after the above date who have complied with the laws of this State regulating the practice of medicine in force prior to the passage of this act; provided, that those who had diplomas recorded since January 1, 1891, shall present to the State Boards of Medical Examiners herein provided for satisfactory evidence that their diplomas were issued by bona fide medical colleges of respectable standing, receive a certificate from said boards, which shall be recorded as herein provided for, and provided that no fees shall be required for the issuing of such certificates. Third, all persons who shall hereafter receive certificates from the Board of Medical Examiners of this State as above provided for, and who shall also in all other respects have complied with the provisions of this act. Fourth, and provided, that all persons who may change their residence to the State of Texas, on filing a true copy of a license granted by the board of medical examiners of another State or Territory, certified by the affidavits of the president and secretary of said board, with satisfactory proof of the genuineness of the same, and showing that the standard of requirements of the medical laws of said State or Territory and that adopted by said board of medical examiners are equal to that provied for in this act, and who, on payment of the usual fee of fifteen dollars, may be registered and receive a license from the Board of Medical Examiners of Texas to practice in this State. Fifth, and provided further, that all persons who desire to hereafter begin the practice of midwifery in this State, and charge for their services, shall make application to the medical examining boards, said application to be accompanied with the fee of five dollars as herein provided, and when the said medical examining boards may admit to examination such applicant, and after passing a satisfactory examination in this special branch, will be granted a license to practice midwifery in the State of Texas; provided, this shall not apply to those who do not follow midwifery as a profession, and who do not advertise themselves as midwives, or hold themselves out to the public as practicing the profession of midwifery.

Sec. 9. Any person shall be regarded as practicing medicine or surgery within the meaning of this act who shall profess publicly to be a physician or surgeon and shall offer for practice as such for those needing medical or surgical aid, and shall charge therefor money or other compensation. This act shall be so construed as to include persons not pretending to be physicians who offer for sale publicly on the streets or other public places remedies not manufactured and compounded within this State which they recommend for the cure of disease, but this act shall not apply to any commissioned officer or contract surgeon of the United States army, navy or marine hospital service in the performance of their duties as such, nor to any legally qualified and registered dentist under the laws of this State, nor to any lawfully qualified physician or surgeon residing in other States or Territories, meeting registered physicians and surgeons of this State in consultation.

Sec. 10. The applicant shall be examined in the following branches: Anatomy, physiology, chemistry, materia medica, therapeutics, histology, pathology, practice of medicine, surgery, including diseases of the eye, ear, nose and throat; obstetrics, gynæcology, hygiene, and medical jurisprudence.

Sec. 11. The fund realized from the fees aforesaid shall be applied first to the payment of the necessary expenses of the boards of examiners, each board receiving only such fees as are collected from applicants which appear before said board. In addition to expenses the secretary shall receive ten dollars per day while in actual attendance upon regular meetings. If any balance be left in the treasury of the boards it shall be divided among the members in attendance as compensation for loss of time.

Sec. 12. Before any person obtaining a license under the provisions of this act can lawfully practice medicine, surgery or midwifery in this State he or she shall cause the said license to be recorded in the district clerk's office in the county in which he or she offers to practice. The license shall be recorded by the clerk of the district court in a book to be kept for that purpose, which shall be properly indexed. The clerk shall receive from the applicant a fee of fifty cents for recording this instrument.

Sec. 13. Any person who shall practice medicine, surgery or midwifery in this State in violation of the provisions of this act shall be fined not less than fifty dollars nor more than five hundred dollars for each offense or by both fine and imprisonment not exceeding six months and it shall not be lawful for him or her to recover by action, suit, motion, or warrant, any compensation for services which may be claimed to have been rendered by him or her as such physician, surgeon or midwife; provided, that the provisions of this act do not apply to persons treating disease who do not prescribe or give drugs or medicines.

Sec. 14. That Title LXXXII., of the Revised Statutes of Texas, and Articles 3777, 3778, 3779, 3780, 3781, 3782, 3783, 3784, 3785, 3786, 3787, 3788, 3789, of said title be and the same are hereby repealed, and all laws and parts of laws in conflict with this act be and are hereby repealed.

Sec. 15. The fact that there is no law in force adequately providing for the license of physicians, surgeons and midwives creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended and this act be placed on its final passage and it is so enacted.

(Note.—The enrolled bill shows that the foregoing act passed the House of Representatives by two-thirds vote, yeas 92, nays 2, and passed the Senate by two-thirds vote, yeas 23, nays 0.)

Approved February 22, 1901.

Law became effective July 9, 1901.

STEVENS' POCKET VAPORIZER, CONTAINING NOSE AND MOUTH PIECE Includes an attachment for a hand bulb, also for a cut-off. Is the finest Pocket Vaporizer manufactured. Price $1.00, with solution to last a year. Price per dozen, $6.00.

PHYSICIANS STANDARD SUPPLY CO., PHILADELPHIA, PA. (See pages 1745, 1746.)

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ', Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

UTAH.

CAPITAL, SALT LAKE CITY.

Population, of State, 276,749.
(U. S. Census of 1900.)
Number of Physicians, 351.

Utah was organized as a territory, September 9, 1850, and admitted as a state January 4, 1896. It occupies an important position in the trans-Mississippi group of states. It is situated between the parallels of 37 and 42 degrees north latitude, and the meridians of 109 and 114 degrees west of Greenwich. On the same parallels are Colorado, Kansas, Missouri, Southern Illinois, Kentucky, Virginia, Spain, Italy, Greece, Turkey and Corea. The state adjoins Colorado, Nevada, Arizona and Idaho. It is 275 miles in width and 345 miles in length. Its total area is 84,970 square miles; its land area is 82,190 square miles (52,601,600 acres); its water area is 2,780 square miles (1,779,200 acres).

Its valleys are elevated from 2,700 to 7,000 feet above the sea. Some of its mountain peaks reach a height of from 12,000 to 13,500 feet. The Wasatch Mountains sweep down its center, and Uintah's cross its upper half. It is a region of snow-clad mountains and broad, beautiful valleys. Many streams flow from the elevations and meander through the vales. Its largest body of water is the Great Salt Lake, covering an area of about 2,500 square miles. This is a far-famed feature of its topography; but it has a number of fresh water lakes of considerable size, the largest being Utah Lake, with a surface area of 125 square miles.

Within the lines of the state there exists a remarkable diversity of country, containing many unique features, some of

BURN-BRAE, A PRIVATE HOSPITAL FOR MENTAL AND NERVOUS DISEASES.
(See page 1702.)

which have given it world-wide fame, such as the Grand Canyon of the Colorado, and other wild scenery in the southern portion.

Almost every variety of climate, which is generally salubrious and agreeable, can be found in Utah. There are valleys for the farmer, the gardener and the fruit-grower; low mountain land, slopes and terraces for the sheep-raiser; mountains for the miner; scenery, hunting, fishing, and bathing for the pleasure-seeker; hot springs and pure air for the invalid, and plenty of opportunity and occupation for men of business and enterprise.

The average annual rainfall is about 18 inches, but in the vicinity of the Great Salt Lake it increases to 23 inches.

The following table shows increase in population during fifty years:

1850	11,380	1880	143,963
1860	40,273	1890	207,905
1870	86,786	1900	276,749

STATE BOARD OF HEALTH.

MEDICAL LAWS OF UTAH.

An Act regulating the practice of medicine in the State of Utah.

Title 52—Physicians and Surgeons.

Be it enacted by the Governor and Legislative Assembly of the State of Utah:

1728. State Board of Medical Examiners. Appointment: There shall be appointed by the Governor at each regular session of the Legislature, by and with the consent of the Senate, a State Board of Medical Examiners, which shall consist of seven members,, who shall be representatives of the various recognized schools of medicine and shall hold office until their successors are appointed and qualified. Each person so appointed shall qualify by taking an oath before a judge of the district court, that he is a graduate of a legally chartered medical college in good standing and will faithfully perform the duties of his office. Vacancies in the board shall be filled by appointment by the Governor within one month from the time the vacancy shall occur. ('92, p. 81*; '94, p. 128*.)

1729. Organization. Examination and certificates: Said board shall organize immediately after its appointment by selecting from its members a president, a secretary, and a treasurer. Four members of the board shall constitute a quorum. The board shall have a seal, with which it shall attest its official acts. Any member of the board shall have authority to administer oaths and the board shall have authority to take testimony in all matters relating to the duties of the board. The board shall have power to issue certificates to any person who furnishes satisfactory proof of having received a degree or diploma from a chartered medical college in good standing and who shall pass a satisfactory examination before the board. The board shall issue two forms of certificates or licenses, one for persons holding such a degree or diploma who has been examined and favorably passed upon by the board, and another for persons desiring to practice obstetrics under the provisions of section seventeen hundred and thirty-seven. Certificates and licenses shall be signed by all members of the board granting them. ('92, p. 81*; '94, p. 129*.)

1730. Fee for examination. The fee for the examination provided for in the last preceding section shall be fifteen dollars, which shall be paid to the treasurer of the Board of Examiners. ('92, p. 82*; '94, p. 129.)

1731. Non-graduates: No non-graduate licensed under the provisions of the acts of the Territorial Legislature shall, in any way, advertise as a doctor, physician or surgeon, but shall, if he advertises at all, do so as a licensed non-graduate practitioner of medicine. The secretary of the board shall enter, without fee, upon the register to be kept by him, the names of all persons to whom certificates are issued as physicians and surgeons. ('92, p. 82*; '94, p. 129-30.)

1732. Certificate to be recorded: Every person holding a certificate from the said board shall have it recorded in the office of the recorder of the county in which he resides, within three months from the date, and the date of record shall be indorsed thereon. Until each certificate is recorded as herein provided, the holder thereof shall not exercise any of th privileges conferred therein to practice medicine. Any person removing to another county to practice medicine shall record the certificate in like manner in the county to which he removes, and the holder of the certificate shall pay the recorder the usual fees for recording such certificates. ('92, p. 82*; '94, p. 130*.)

DR. HAVA'S **Solution of Bromo-Phosphate of Lime and Potash.**
For the prevention and treatment of Bright's Disease and Diabetes. In apparently hopeless cases, it will lengthen the span of Life. Hava's Preparations are sold at all Drug Stores. (See page 9.)
PHOSPHATE CHEMICAL MANUFACTORY. NEW ORLEANS, LA.

Drunkenness Cured

A positive and permanent cure for Drunkenness and the opium diseases. There is no publicity, no sickness. Ladies treated as privately as at their own homes.

The Keeley Institute

334 W. South Temple, Salt Lake City, Utah.

1733. Record. The county recorder shall keep, in a book provided for that purpose, a complete list of the certificates recorded by him, with the date of the issue of the certificate, and if the certificate be based upon a degree and examination, the name of the medical college conferring the degree, and the date thereof. The register of the county recorder shall be open to public inspection during business hours. ('92, p. 82*; '04, p. 130*.)

1734. Examinations. Refusal and Revocation of Certificates. Examinations may be made wholly or partially in writing. The board of medical examiners may refuse to issue the certificates provided for in this title to individuals convicted by a court of competent jurisdiction of any offense involving immoral or dishonorable conduct, the nature of which shall be stated in writing. The board may revoke such certificates for like causes. ('92, p. 82*; '94, p. 130*.)

1735. "Practicing Medicine" Defined. Any person shall be regarded as practicing medicine within the meaning of this title, who shall treat, operate upon or prescribe for any physical ailment of another for a fee, or who shall hold himself out by means of signs, cards, advertisements or otherwise, as a physician or surgeon; but nothing in this title shall be construed to prohibit services in case of emergency, or the administration of family remedies, nor to prevent medical officers of the United States army from the discharge of their official duties, nor to prohibit visiting physicians in the act of consultation. ('92, p. 82*; '94, p. 130-1*.)

1736. Practicing Without License. Any person practicing medicine, surgery, or obstetrics within this state without holding a lawful certificate or license or otherwise contrary to the provisions of this title, shall be deemed guilty of a misdemeanor. ('93, p. 82-3*; '94, p. 131*.)

1737. Obstetricians. Persons desiring to practice obstetrics in this state shall be entitled to a license upon satisfactorily passing an examination by the state board of examiners and paying to the treasurer thereof a fee of five dollars; provided, that this section shall not be construed to prevent physicians holding a certificate from practicing obstetrics, or to prohibit such service or the acceptance of a fee in case of emergency, or persons practicing obstetrics in communities where there are no licensed practitioners. ('92, p. 83*; '94, p. 131*.)

1738. Meetings of Board. The board of medical examiners shall meet on the first Monday in January, April, July and October of each year at 10 o'clock a. m., and such other times as the president of the board shall deem necessary. The place of meeting shall be at the state capital. ('92, p. 84*; '94, p. 132*.)

1739. Removal of Member of Board. Any member of said board may be removed for misconduct in office by a two-thirds vote of all the members of the board, but no member shall be removed until after he has been given a trial before said board. ('92, p. 84*; '94, p. 132*.)

1740. "Medical College" Defined. The term "medical college" in this title shall include colleges in good standing in the states where they exist. ('92, p. 84*; '94, p. 132.)

1741. Territorial Certificates. Nothing in this title shall be deemed to require persons now holding certificates from the territorial board of examiners to make application for license. ('92, p. 82*; '94, p. 132*.)

1742. Fees, How Expended. Money received under this title may be applied in defraying the expenses of the examining board. ('94, p. 132*.)

Cutter's Antitoxin, "California's Favorite," produced under U. S. Government License No. 8. Hundreds of good reports, not even one bad one. Prices the lowest, package the best. **(See page 261.)**

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‡, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

C

VERMONT.

CAPITAL, MONTPELIER.

Population of State, 343,641.
(U. S. Census of 1900.)
Number of Physicians, 724.

The State of Vermont extends from 42 degrees to 45 degrees north latitude, and from 71 degrees 25 minutes to 73 degrees 26 minutes west longitude, and is bounded on the north by Canada, on the south by Massachusetts, on the east by New Hampshire and on the west by New York. It comprises an area of 10,212 square miles, or 6,535,680 acres, and is intersected by the Green Mountains, which, trending from north to south, nearly parallel to the western boundary, are covered by forests of coniferous trees.

The climate is cold, and like most of the New England States, is marked by great extremes, the winters being severe and of long duration, and the summers short, but extremely warm. The mean annual temperature, as observed at Montpelier, is 42.76 degrees, and the average annual rainfall about 36 inches.

The following table shows increase in population during 70 years:

1830	280,652	1870	330,551
1840	291,948	1880	332,286
1850	314,120	1890	332,422
1860	315,098	1900	343,641

SYNOPSIS OF MEDICAL LAW.

Persons who wish to practice medicine and surgery in the State of Vermont must comply with the requirements of the following sections of the Public Acts of 1904, entitled, "An Act Creating a Board of Medical Registration."

Section 7. Any person twenty-one years of age and of good moral character, who is a graduate of a legally chartered medical college or university, having power to confer degree in medicine and surgery, and said medical college or university being recognized as determined by the board, shall upon payment of a fee of fifteen dollars, be entitled to examination, and, if found qualified, shall be licensed to practice medicine and surgery in the State of Vermont and receive a license certificate signed by the president and secretary of the board.

Any person refused a license may be reexamined at any regular meeting of the board within one year of the time of such refusal without additional fee.

The board, after hearing, may revoke the certificate of any person licensed by them, who has been convicted before a court of a crime committed in the course of professional business.

Sec. 8. The examination shall be in whole, or in part, in writing, and shall be of a practical character, sufficiently strict to test the qualifications of the applicant as a practitioner of medicine.

Scott's Emulsion is more food than medicine. Its greatest good is accomplished through nourishment.

The examination shall embrace the general subjects of anatomy, physiology, chemistry, pathology, practice of medicine, surgery, obstetrics, gynæcology, hygiene, and materia medica, but it is hereby provided the examination in materia medica shall be conducted by the members of the board who represent the same school of practice as that of which the applicant is a graduate.

Each applicant shall pass at least an average of 75 per cent to entitle him to a license.

Sec. 9. A person to whom a license certificate is thus issued, in order to make it valid, shall within thirty days from date thereof, cause the same to be recorded in the office of the secretary of state in a book to be provided by said secretary of state for that purpose, for which the record fee shall be twenty-five cents.

Sec. 10. Any person who shall practice medicine or surgery under a fictitious or assumed name, or who shall personate another practitioner of a like or different name, or who, not being licensed as aforesaid, shall advertise or hold himself out to the public as a physician or surgeon in this state, or sign a certificate of death for the purpose of burial or removal, shall be punished by a fine of not less than fifty dollars, or more than two hundred dollars, or by imprisonment in the house of correction not more than three months, or both, and no action of any kind shall be had or maintained by any such person in any court in this state for the recovery of any compensation for such services.

Sec. 11. Any person who shall advertise or hold himself out to the public as a physician or surgeon, or who shall assume the title of doctor in the treatment of disease, or who shall follow the occupation of treating disease by any system or method, shall, for the purposes of this act, be deemed a physician or practitioner of medicine or surgery. Nothing, however, in this act, shall in any way affect the provisions of No. 110 of the acts of 1902, or apply to persons licensed by any other board having legal authority to issue licenses in this state.

Sec. 13. This act shall not apply to persons legally licensed to practice medicine and surgery under the provisions of former acts, nor to persons who resided and practiced medicine in the state five years previous to the 28th day of November, 1876, nor to commissioned officers of the U. S. army, navy, or marine hospital service, nor to the practice of midwifery by women in the town or locality in which they reside, nor to a physician or surgeon who is called from another state, or the Dominion of Canada, to treat a particular case, and who does not otherwise practice in this state, provided, however, that such non-resident physician is legally licensed where he resides, and provided further, that the state from which he comes, or the Dominion of Canada, grants the same privilege to legally licensed practitioners of the State of Vermont.

Nothing in this act, however, shall be construed to prevent any non-resident physician or surgeon from coming into the state in consultation with a legally qualified practitioner in this state.

Sec. 14. The board shall issue licenses without examination to reputable physicians and surgeons who shall personally appear and present a certified copy of certificate of registration, or license, which has been issued to said applicant in another state in the union, where the requirements for registration shall be deemed by said board to be equivalent to those of this state, provided such state shall accord a like privilege to holders of a license granted under the laws of this state.

Each applicant for such license shall pay to the board the sum of ten dollars.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homœopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‹, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

VIRGINIA.

CAPITAL, RICHMOND.

Population of State, 1,854,184.
(U. S. Census of 1900.)
Number of Physicians, 2,293.

Virginia, one of the original thirteen States, has a population, according to the United States Census of 1900, of 1,854,184, as against 1,655,980 in 1890, representing an increase during the decade of 198,204, or 12 per cent. The following table shows the increase in population since 1830:

1830	1,211,405	1870	1,225,163
1840	1,239,797	1880	1,512,565
1850	1,421,661	1890	1,655,980
1860	1,596,318	1900	1,854,184

The total land surface is, approximately, 40,125 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 41.3; 1900, 46.2. It extends from 36 degrees, 30 minutes to 39 degrees, 27 minutes north latitude, and from 75 degrees, 10 minutes to 83 degrees, 30 minutes west longitude, and is bounded on the north by Maryland and West Virginia, on the south by Tennessee and North Carolina, on the east by Chesapeake Bay and the Atlantic Ocean, and on the west by Kentucky and West Virginia. Its latitude is that of Southern Europe, Central Asia, Southern Japan and California, giving it a climate at once delightful and salubrious. Virginia is divided into five grand divisions—the Tidewater, the Midland, the Piedmont, the Great Valley and the Appalachia. The western section of the State is traversed by two mountain ranges, the Blue Ridge and the Alleghenies, between which lies the far-famed valley of Virginia. The general elevation of the lands lying in the mountain region is from 1,800 to 2,000 feet, though some even rise to 2,700 feet, while the peaks which tower above the surrounding country are more than 4,000 feet above the level of the sea. Hence it will be seen that, topographically, Virginia varies from the sandy shores which are washed by the Chesapeake Bay and the Atlantic Ocean to the verdure-clad mountain ranges, where grow the hemlock and the birch. It is well watered in all portions by springs, brooks, creeks, rivulets and several navigable rivers, among the latter being the historic Potomac, navigable for 110 miles; the Rappahannock, 82 miles; the York, 40 miles, besides the James, Pianitank and others, giving it 1,500 miles of steamboat navigation and double this amount for smaller craft. The average annual rainfall is about 40 inches.

For list of Medical Colleges, see page 152.

MEDICAL LAWS OF VIRGINIA.

Provision is made for a State Board of Medical Examiners.

Chap. 168.—An Act to amend and re-enact section 1747 of the Code of Virginia, regulating the practice of medicine and surgery in Virginia, as amended and re-enacted by an act approved March 7, 1900. Approved April 23, 1908.

1. Be it enacted by the general assembly of Virginia, That section seventeen hundred and forty-seven of the Code of Virginia, as amended and re-enacted by an act approved March 7, 1900, be amended and re-enacted so as to read as follows:

1747. Examination of applicants for the practice of medicine and surgery; re-examination; fees of board.—It shall be the duty of said board, at any of its said meetings, to examine all persons making application to them who shall desire to commence the practice of medicine or surgery in this State, provided, said applicant shall produce before said board a diploma, or other satisfactory evidence of his graduation in some medical college or institution teaching the art of healing human diseases, chartered by the State or Territory in which the same is situated; provided that any undergraduates taking a graded course in any regularly chartered medical school shall be entitled to examination on such branch or branches as he or she may present a certificate from the said college of having passed a satisfactory examination, and having once passed a satisfactory examination on each of said branches before the State Board of Medical Examiners, no further examination shall be required on such branch or branches.

But an applicant failing to pass a satisfactory examination on any of such branches shall not be permitted to be examined on such branch or branches until he or she presents a diploma of graduation as doctor of medicine from some regularly chartered college of medicine. And when an applicant shall have passed an examination satisfactory as to proficiency before the board in session, the president thereof shall grant to such applicant a certificate to that effect; provided, however, that any applicant professing a system of medicine which does not require the use of drugs in the treatment of disease shall be exempt from standing an examination on Materia Medica. A fee of $10.00 shall be paid to said board, though such officers or members as it may designate, by each applicant before such examinations is held.

And in case any applicant shall fail to pass a satisfactory examination, he shall not be permitted to stand any further examination within the next six months thereafter, nor shall he have again to pay the fee prescribed as aforesaid; provided, however, no applicant shall be rejected upon his examination on the account of his adherence to any particular school of medicine or system of practice, nor on account of his views as to the method of treatment and care of diseases; and provided further, that when in the opinion of the president of the board any applicant has been prevented by good cause from apearing before the board, he shall have authority, in his discretion, to grant a special permit to such applicants to practice medicine or surgery until he shall have an opportunity to appear before the board in session for examination, which said special permit shall be revocable at the discretion of the president, and in no case shall it entitle the holder thereof to practice after the next regular meeting of said board. The said board shall have, in their discretion, authority to accept in lieu of an examination of an applicant a diploma or other satisfactory evidence of the graduation of the applicant in some medical college chartered by the State or Territory in which the same is situated, and a certificate from the examining board of any State or Territory of the United States or the District of Columbia, showing that said applicant has passed a satisfactory examination as to his proficiency and obtained license from said board to practice medicine and surgery in said State, Territory or District; provided, that any person who was examined by the State examining board prior to January first, nineteen hundred, and whose fee for such examination was duly paid, but who failed to pass said examination, shall have the right and privilege of taking the examination before the State board, notwithstanding the provisions of this act.

2. This act shall take effect from its passage.

Sec. 1749. Applicant to have certificate of board recorded; fee of clerk. Before any person who obtains a certificate as aforesaid may lawfully practice medicine or surgery in this State, he shall cause the said certificate to be recorded in the clerk's office of the county or corporation in which he resides in this State, or if he resides in the city of Richmond, in the clerk's office of the Chancery Court of said city; but if he does not reside in the State of Virginia, he shall cause the said certificate to be recorded in the clerk's office of the county or corporation in which he offers to practice in this State, or,

in the clerk's office of the Chancery Court of the city of Richmond, if he offers to practice in said city. The certificate shall be recorded by the clerk in a book to be kept for that purpose, and it shall be indexed in the name of the person to whom the certificate is granted. The clerk's fee for recording shall be the same as for recording a deed.

Chap. 169.—An Act to amend and re-enact section 1750 of the Code of Virginia, regulating the practice of medicine and surgery in Virginia, as amended and re-enacted by an act approved March 7, 1900. Approved April 24, 1903.

1. Be it enacted by the general assembly of Virginia, That section seventeen hundred and fifty of the Code of Virginia, as amended and re-enacted by act approved March seventh, nineteen hundred, be amended and re-enacted so as to read as follows:

1750. "Who prohibited from practicing medicine or surgery without certificate; penalty for practicing illegally; what courts have jurisdiction to inflict."—No person who shall have commenced the practice of medicine or surgery in this State since the first day of January, eighteen hundred and eighty-five, or who shall hereafter commence the practice of the same, shall practice as a physician or surgeon for compensation without having first obtained a certificate from the State Board of Medical Examiners and caused the same to be recorded as aforesaid, or a special permit from the president of said board.

To open an office for such purpose or to announce to the public in any way a readiness to practice medicine in any county or city of the State, or prescribe for, or to give surgical assistance to, or to heal, cure or relieve, or to attempt to heal, cure or relieve those suffering from injury or deformity, or disease of mind or body, or to advertise, or to announce to the public in any manner a readiness or ability to heal, cure or relieve those who may be suffering from injury or deformity, or diseases of mind or body, shall be to engage in the practice of medicine within the meaning of this section; provided, that nothing in this section shall be construed to apply to or to limit in any manner the manufacture or sale of proprietary medicines, or to apply to, affect or interfere in any way with the operation of any hospital now established in this State, or any person while engaged in conducting such hospital now established, if there be a licensed physician resident and practicing therein, or to any person who commenced the practice of osteopathy in this State prior to January first, nineteen hundred and three. It shall also be regarded as practicing medicine within the meaning of this section if any one shall use in connection with his or her name the words or letters, "Dr.," "Doctor," "Professor," "M. D." or "Healer," or any other title, word or letter or designation intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches, but this section shall not be construed to apply to non-itinerant opticians who are at this time engaged in the practice of optometry in this State nor to professional or other nurses.

Any person who shall practice medicine or surgery in this State in violation of the provisions of this section shall be fined not less than fifty nor more than five hundred dollars for each offense, and it shall not be lawful for him to recover by action, suit, motion or warrant in any of the courts of the State, any compensation for services which may be claimed to have been rendered by him as such physician or surgeon.

MEDICAL COLLEGE OF VIRGINIA

THE MEDICAL DEPARTMENT OF THE

UNIVERSITY OF VIRGINIA

CHARLOTTESVILLE, VIRGINIA.

Organized in 1825 and in continuous operation except one year since that date, this Depar ment offers thorough medical instruction in the environment of an old and famous university. The entrance requirements are the completion of a three-year high school course or its equivalent; after January 1st, 1907, they will also include physics, general chemistry and general biology. The course is graded, and extends over four years of nine months each. There are good laboratory facilities in chemistry, anatomy, histology and embryology, bacteriology, pathology, and clinical diagnosis. Clinical material is furnished by a new hospital, the property of the University, with about 500 patients annually; and by the Dispensary with about 2,000 cases annually.

FACULTY OF MEDICINE.

Edwin A. Alderman, D. C. L., LL. D., President.
Richard H. Whitehead, M. D., Dean.
John W. Mallet, M. D., Ph. D., LL. D., F. R. S., Professor of Chemistry.
Albert H. Tuttle, M. S., Professor of Biology.
Paul B. Barringer, M. D., LL. D., Professor of Physiology and Materia Medica.
Richard H. Whitehead, M. D., Professor of Anatomy.
Augustus H. Buckmaster, M. D., Professor of Gynecology, Obstetrics and Abdominal Surgery.
John S. Davis, M. A., M. D., Professor of Pathology and Practice of Medicine.
Francis P. Dunnington, B. S., C. E., Professor of Practical Chemistry.
William A. Lambeth, M. D., Ph. D., Professor of Hygiene and Materia Medica.
James C. Flippin, M. D., Adjunct Professor of Bacteriology.
Edmund M. Magruder, M. D., Instructor in Physical Diagnosis.
James H. Browning, M. D., Instructor in Clinical Surgery.
William M. Randolph, M. D., Instructor in Genito-Urinary Surgery and Operative Surgery.
Halsted S. Hedges, M. A., M. D., Instructor in Ophthalmic Surgery.
Charles S. Venable, M. D., Instructor in Skin Diseases.
William D. Macon, M. D., Instructor in Anaesthesia.
Francis H. Dunnington, B. A., Instructor in Physics.
John B. Pollard, M. D., Demonstrator of Anatomy.
John S. Derr, M. D., Assistant Demonstrator of Anatomy.
Charles M. Fauntleroy, Chief of Clinic.
George L. Kite, M. D., Assistant Demonstrator of Medical Biology and Pathology.
Thomas W. White, Dispensary Pharmacist.
Clifton H. Hogan, M. D., and Richard P. Bell, M. D., Hospital Surgeons.

SESSION BEGINS SEPTEMBER 15, 1906.

For further information and catalogue, address

R. M. PRICE, Secretary.

A NEW SURGICAL DEVICE.

The Phillips-Byrd Portable Table.

A Necessity for the Practical Physician and Surgeon.

Attachable to any bed, durable and easily rendered aseptic.

ACTUALLY PORTABLE.

Weight 10 pounds. **Size 18 x 20 inches.**

THE P. B. Table, light in weight, convenient in size and as easily handled as an obstetrical bag. Can be kept in buggy, where it is always handy. Needed every day to facilitate the handling of instruments carried by all physicians. When attached to the bed the table platform extends about six inches over the side rail. The patient, without being removed from the bed, may be drawn to front edge of table, the drain from douches, etc., then being perfect.

For Vaginal and Rectal Examinations and Operations.

HERETOFORE physicians in their private practice have been handicapped in the manipulation of their instruments on account of the lack of a suitable device to maintain the patient in the proper position to afford thorough access to the parts. The P. B. Table supplies firm support for the buttocks and comfortable rests for the heels; and for Gynæcological and Obstetrical work it embodies all the features of the regular surgical table, besides being portable.

SAMUEL C. PHILLIPS,

SUCCESSOR TO

THE PHILLIPS-BYRD TABLE CO.,

Norfolk, Virginia.

PRICE, COMPLETE WITH STIRRUPS, $10.00.

$2.00 EXTRA FOR CRUTCHES.

Cash must accompany order.

Every General Practitioner

TREATS MANY DISEASES THAT BELONG TO

Dermatology, Venereal and Genito-Urinary Work.

In fact his professional success is determined in a large measure by his treatment of these diseases.

—THE—

American Journal of Dermatology

and Genito-Urinary Diseases

Under the Editorial Direction of S. C. Martin, M. D., G. M. Phillips, M. D., and Bransford Lewis, M. D.

Has been placed at the head of all literature of these branches by publishing the writings of eminent men. A year's subscription to our journal is better than a **Post Graduate Course,** and the cost is but

ONE DOLLAR.

A Postal Card will bring Sample Copy. Address

Managing Editor, American Journal of Dermatology

WASHINGTON.

CAPITAL, OLYMPIA.

Population of State, 874, 310.
(Estimated by State Bureau of Statistics, 1905.

Number of Physicians, 1,158.

The State of Washington occupies the extreme northwestern portion of the United States. The Straits of Juan de Fuca, Vancouver Island and the British Columbian possessions mark the northern border, the State of Idaho the eastern, the State of Oregon lying on the south. The Pacific ocean limits the land's end to the west. The state's area comprises an extent of, approximately, 70,000 square miles, 1,156 square miles of this being tide-water—Puget Sound. The state is divided into two most distinctive sections by the Cascade range of mountains, each section with a climate differing from the other and generally designated as "wet" and "dry" climates. Western Washington, comprising the Sound country and that section west of the Cascades, includes about one-third the total area of the state, is heavily timbered, with a mild and equable climate, small areas of natural prairie land, and that generally of a gravelly and non-productive nature.

Eastern Washington is for the most part barren of trees—a rolling prairie, rich in soil, but for a large part subject to the necessity of irrigation for agricultural purposes. The climate of this section has more of the extremes of heat and cold than the western portion, and yet by no means to that extent which characterizes states of the same altitude and further east.

The climate of Washington is much more equable than that of other states situated in corresponding latitudes. The daily and seasonal range of temperature which so greatly affects climate everywhere is not great in this state. The mean temperature for the month of January, which is usually the coldest month in the year, is 35.2 degrees. This is the average of the mean January temperature for ten years, taken at stations well distributed throughout the entire state. A similar average for July, usually the hottest month, gives 64.6 degrees. These averages cannot be far from the true or normal temperature for January and July. The difference between these is 29.4 degrees, the seasonal range. A comparison of the difference between the winter and summer temperature in Idaho, Montana, North Dakota, Wisconsin or Michigan, all of which lie in the same latitude as Washington, with the seasonal change in this state, will show that it is comparatively low. To this fact may be attributed the entire absence of sudden changes or violent disturbances of the atmosphere within the state. The average of these two extremes, the temperature of January and July, gives a little less than 50 degrees for the mean annual temperature of the state. This is, however, about one degree above the true or normal temperature.

The principal river of the state is the Columbia, traversing the whole extent of the state from east to southwest and marking a portion of the southern boundary. Its tributaries are the Snake—joining at or near Pasco, the Yakima, Okanogan (in the north-central portion), the Spokane and numerous lesser streams. Flowing into Puget Sound are the Duwamish, Puyallup, White, Black, Cedar, Snohomish, Snoqualmie, Swinomish, Skagit, Nooksack, Skokomish and others of lesser note. Flowing into the Columbia nearer the Pacific are the Cowlitz and the Lewis rivers, both navigable streams, and into Gray's Harbor flows the Chehalis, navigable to some extent. Gray's Harbor and Willapa Harbor mark the middle and southern portions of the Washington coast, both being capable of accommodating the ordinary ocean-going vessels of the coast lumber trade. These two are the only accessible harbors of the coast between the Columbia river and the Straits of Fuca.

The principal bodies of fresh water within the state are Lake Washington, forming the eastern boundary of the City of Seattle, and Lake Chelan in the Okanogan country, the former being about twenty miles in length, and the latter nearly forty. Numerous small lakes dot the state and all of them may be said to afford splendid opportunities for the sportsman and angler. The woods of Washington abound with deer, bear and lesser game, while the Olympic peninsula possesses vast bands of elk, and in the mountains are found sheep and goats. Grouse, pheasants, ducks and geese abound, and the introduction of foreign birds is being made.

The following table shows increase in population since 1870 (U S Census.)

1870	23,995	1890	349,390
1880	75,116	1900	518,103
1905 (estimated)			874,310

MEDICAL LAW OF WASHINGTON.

The governor appoints a State Medical Examining Board, consisting of nine members. The amended law of 1901 reads:

Section 3. Hereafter every person desiring to commence the practice of medicine and surgery, or either of them, in any of its or their branches, in this state, shall make a written application to said board for a license so to do. And each applicant for such license shall be not less than twenty-one years of age, shall furnish a certificate of good moral character, and shall be a graduate of some duly authorized medical college now having at least a four years' graded course. Such applicant at the time and place designated by said board, or at the regular meeting of said board, shall submit to an examination in the following branches: Anatomy, physiology, chemistry, histology, materia medica, therapeutics, preventive medicines, practice of medicine, surgery, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, medical jurisprudence, and such other branches as the board shall deem advisable. Said board shall cause said examination to be both scientific and practical, and of sufficient severity to test the candidate's fitness to practice medicine and surgery; which examination shall be by written or printed, or partly written or partly printed questions and answers, and the same shall be filed and preserved of record in the office of the secretary of said board. After examination, if the same be satisfactory, said board shall grant a license to such applicant to practice medicine and surgery in the State of Washington, which said license can only be granted by the consent of not less than five members of said board, except as hereinafter provided, and which said license shall be signed by the president and secretary of said board, and attested by the seal thereof. The fee for such examination shall be twenty-five dollars, and shall be paid by the applicant to the treasurer of said board toward defraying the expenses thereof; and such board may revoke or refuse a license for unprofessional or dishonorable conduct, subject, however, to the right of such applicant to appeal from the decision of said board refusing or revoking such license as hereinafter provided.

"Section 7. The person receiving said license shall, before he or she commences the practice of medicine or surgery or any of their branches, file the same or a certified copy thereof, with the county clerk in and for the county where he or she resides, and said county clerk shall file said certificate, or copy thereof, and enter a memorandum thereof giving the date of said license and name of the person to whom the same was issued, and the date of such filing, in a book to be provided and kept for that purpose; and said county clerk shall each year furnish to the secretary of said board a list of all certificates on file in his office, and upon notice to him of a change of location or death of a person so licensed, or of the revocation of the license granted to such person, said county clerk shall enter, in the appropriate place in the record so kept by him, a memorandum of said fact, so that the records kept by the county clerk shall correspond with the records of the board as kept by the secretary thereof. In case a person so licensed shall move into another county in this state, he or she shall procure from the county clerk a certified copy of said license, and file the same with the county clerk in the county to which he or she shall remove. Said county clerk shall file and enter the same with like effect as if the same were the original license. Proof of failure to file said license or copy thereof, with the county clerk as herein provided, shall be prima facie evidence of a violation of this act, and shall be punishable as provided herein. The county clerk's records shall be the only evidence required as proof of such failure to file, but may be rebutted by competent testimony.

"Section 8. Any person practicing medicine or surgery or either of its or their branches within this state without having first obtained and filed the license provided for in this act, or contrary to the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not less than fifty dollars nor more than one hundred dollars, or by imprisonment in the county jail not less than ten days nor more than ninety days, or both such fine and imprisonment. In all prosecutions under the provisions of this act, evidence that the defendant has failed to file a license with the county clerk, as herein required, shall be prima facie evidence that the defendant is not a legally licensed practitioner, and each day of such illegal practice shall be deemed a separate offense under this act. All fines collected under the provisions of this act shall be paid into the state treasury for the use and benefit of the common

schools of this state. Any person shall be deemed as practicing within the meaning of this act who shall have and maintain an office or place of business with his or her name and the words "physician" or "surgeon," "Doctor," "M. D." or "M. B.," in public view, or shall assume or advertise the title of doctor or any title which shall show or shall tend to show that the person assuming or advertising the same is a lawful practitioner of any of the branches of medicine or surgery in such a manner as to convey the impression that he or she is a practitioner of medicine or surgery under the laws of this state; or any person who shall practice medicine under a false or assumed name, or under cover of the name of some legal practitioner, or personate any legal practitioner, or for a fee prescribe or direct, or recommend for the use of any person any drug or medicine for the treatment, care or relief of any wound, fracture or bodily injury, infirmity or disease. Provided, however, That this act shall not apply to dentists while confining themselves strictly to dentistry. Justices of the peace and the superior court shall have concurrent jurisdiction of violations of this act. It shall be the duty of the respective county or district attorneys to prosecute all violations of this act. In cases of appeal to the superior court, as hereinbefore provided, it shall be the duty of the prosecuting attorney of the county wherein such appeal shall be tried to represent said board upon said appeal. And in all cases of appeal to the supreme court under the provisions of this act the attorney general shall represent said board upon such appeal.

Medical examinations in the State of Washington are held only on the first Tuesday, Wednesday and Thursday of January and July, the January meeting being held in one of the cities west of the Cascade Mountains, and the July meeting in eastern Washington, at Spokane. No special certificates will be issued, and hereafter, expecting that this general notice will reach all practitioners and medical students, persons coming here between examinations must not expect to practice without molestation, for we find that the majority of those who have insisted on so doing and who requested immunity, have been found deficient. It adds to their chagrin and complicates unnecessarily the administration of the medical law. No reciprocity exists between this and other states. There is no recognition of certificates from any source.—State Board Medical Examiners.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "5 years of practice" section of the act; ¶, Druggist; ‡, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

WEST VIRGINIA.

CAPITAL, CHARLESTON

Population of State, 958,800.
(U. S. Census of 1900.)
Number of Physicians, 1845.

West Virginia was set off from Virginia, December 31, 1862, and admitted as a state June 19, 1863. It has, according to the United States Census of 1900, a population of 958,800, as against 762,794 in 1890, representing an increase during the decade of 196,006, or 25.7 per cent. This rate of increase compares favorably with that for the decade immediately preceding, which was 23.3, but both are considerably less than that for the ten years from 1870 to 1880, which was 39.9 per cent. The first census of West Virginia was taken in 1870, seven years after it was organized as a separate state, and the population at that time was 442,014. Since then it has increased by satisfactory percentages, and is at present more than twice as large as it was in 1870. The total land surface is, approximately, 24,645 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 31.0; 1900, 38.9. It extends from 37 degrees, 6 minutes to 39 degrees, 37 minutes north latitude and from 77 degrees, 43 minutes to 82 degrees 33 minutes west longitude, and is bounded on the north by Pennsylvania and Maryland, on the south and east by Virginia and on the west by Kentucky and Ohio. The climate is mild and healthful, the mean annual temperature being 54.27 degrees; that of the summer 71.40 degrees, and of the winter 36.66 degrees. The average annual rainfall is about 43 inches. The state is elevated throughout and mostly mountainous, the whole eastern portion is traversed by parallel ridges of the Allegheny mountains. The western part of the state is a rolling table land gently sloping down from 2,500 feet in the east to 900 feet on the banks of the Ohio river. The two principal rivers of the state are the Ohio and the Potomac. Both flow along its borders and drain the state with numerous affluents. The principal of these are the Big Sandy, Guyandot, Elk, Monongahela, Kanawha, Cheat, Little and Great Cacapon, Shenandoah, etc.

MEDICAL LAW OF WEST VIRGINIA.

THE FOLLOWING PROVISIONS FROM THE ACT OF 1895 SET FORTH THE LAW AS IT NOW IS WITH REGARD TO ADMISSION TO THE PROFESSION OF MEDICINE IN WEST VIRGINIA; AMENDING AND RE-ENACTING SECTION 9 OF CHAPTER 150 OF THE CODE OF WEST VIRGINIA:

WHO MAY PRACTICE MEDICINE IN THIS STATE.

9. The following persons and no others shall hereafter be permitted to practice medicine in this State, viz.: First—All such persons as shall be legally entitled to practice medicine in this State at the time of the passage of this act.

Second—All such persons as shall pass an examination before the State Board of Health and shall receive certificates from the said Board to that effect, as hereinafter provided.

EXAMINATIONS BY THE STATE BOARD OF HEALTH.

9a. The State Board of Health shall, at such times as a majority of them shall deem proper, hold examinations for the licensing of practitioners of medicine. Such examinations shall be not less in number than three, during each year, and shall be held at such

DO NOT STAMMER

Our new Institute provides accommodation for one hundred students. Surroundings home-like, moral and wholesome. Cures lasting and permanent. Our 100 page book, "The Origin and Treatment of Stammering," sent free to physicians upon request. Read our adv. opp. Class. Schools for Stammerers.
THE LEWIS SCHOOL FOR STAMMERERS,
35-41 Adelaide Street, Detroit, Mich., U. S. A.

points in the State as shall be most convenient to those presenting themselves for examination to the State Board of Health. At such examinations written and oral questions shall be submitted to the applicants for license, covering all the essential branches of the sciences of medicine and surgery, and the examination shall be a thorough and decisive test of the knowledge and ability of the applicants. The President and Secretary of the State Board of Health shall issue certificates to all who successfully pass the said examination, and such certificates, after being duly recorded as hereinafter provided, shall be deemed licenses to practice medicine and surgery in all their branches in this State.

The State Board of Health shall give timely notice of the time and place of holding each such examination, by publishing such notice in at least three newspapers of general circulation in this State, and all persons wishing to present themselves for examination should notify the Secretary of the State Board of Health to that effect. No applicant for license to practice medicine in this State shall be rejected because of his or her adherence to any particular school or theory of medicine. The State Board of Health shall call to their assistance, in the examination of any applicant who professes the homœopathic or eclectic school of medicine, a homœopathic or eclectic physician duly licensed to practice medicine in the State, and such homœopathic or eclectic physician so called to the assistance of the State Board of Health shall be allowed the per diem and actual expenses incurred, hereinafter allowed to regular members of the State Board of Health; provided, however, that the provisions of this and the preceding section shall not apply to physicians living in other States and duly qualified to practice medicine therein, who shall be called into consultation in this State by a physician legally entitled to practice medicine in this State under these sections.

GENERAL INFORMATION FOR APPLICANTS FOR LICENSE TO PRACTICE MEDICINE IN THE STATE OF WEST VIRGINIA.

The State Board of Health of West Virginia requires all applicants for license to furnish two affidavits of moral character, signed by two legally qualified licensed practitioners of medicine, in this State, or in the State of their last residence, and two unmounted, full-faced photographs, size three by four inches (thinnest paper obtainable).

The State Board of Health meets regularly three times yearly for the purpose of examining applicants for license to practice medicine in this State, to wit: Parkersburg, second Tuesday in April; Charleston, second Tuesday in July, and Clarksburg, second Tuesday in November.

Examinations cover a period of three days. All affidavits, application blanks, etc., must be sent to the secretary, together with examination fee of $10.00, ten days before a regular meeting.

No applicant will be considered unless the above is complied with fully.

Examinations are written and oral, covering anatomy and osteology, practice of medicine and pathology, obstetrics and gynecology, materia medica and therapeutics, physiology and medico jurisprudence, surgery, hygiene, chemistry and bacteriology.

An average of not less than 65 per cent is required on any one of the above branches, and a general average of 80 per cent entitles applicant to license.

The examination fee of $10.00 is not returned if a certificate be refused, but applicant may again, at any time within one year after said refusal, present him or herself for examination without the payment of an additional fee, and if a certificate be again refused, the applicant may as often as he or she see fit thereafter, on the payment of a fee of $10.00, be examined as before until a certificate be obtained.

No applicant will be permitted to take the examination if under the influence of liquor.

Applicants are cautioned against practicing in this State until they have secured a license and have the same recorded with the Clerk of the County Court in which they reside and with the Clerk of the County Court of every other county in which they intend to practice.

Disregard of the provisions of the statute on these points renders the applicant liable to prosecution.

License issued by the Board is sent by registered mail to the address given in the application blank, unless the secretary is otherwise instructed.

West Virginia reciprocates with no other State and grants no permits to practice between examinations.

The Board calls to its assistance examiners from the eclectic and homeopathic schools to examine applicants from said schools on practice of medicine and pathology and materia medica and therapeutics.

Applicants desiring to take the examination will address the undersigned, who will mail proper blanks.

H. A .BARBEE, M. D.,
Secretary State Board of Health,
Point Pleasant, W. Va.

THE KESSLER HOSPITAL

CLARKSBURG, W. VA.

Bell Phone 66 *Home Phone 119*

A progressive, modern hospital, established in 1899, in one of the most active and progressive states. Conveniently located near the Hub or centre of West Virginia, easy to reach by all railroads. It is charmingly situated; lovely climate and scenery; well kept lawn, shade trees, porches and verandas. A modern building on a spacious site; cheerful and homelike in all its surroundings. Every new and scientific appliance is included in its equipment, including electrical, X-ray and Hot Air apparatus. It is a general hospital with special departments for typhoid fever, surgery, obstetrics, women's diseases, nervous diseases and alcoholic cases both acute and chronic.

AMBULANCE SERVICE.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homœopathic; Ecl., Eclectic; P. M., Physio-Medical; °, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‡, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

A B C

WISCONSIN.

CAPITAL, MADISON.

Population of State, 2,228,949.
(State Census of 1904.)
Number of Physicians, 2,660.

Wisconsin was organized as a territory July 3, 1836, and admitted as a state May 29, 1848. It had, according to the United States Census of 1900, a population of 2,069,042, as against 1,686,880 in 1890, representing an increase of 382,162, or 22·7 per cent. The following table shows the increase in population since 1840:

1840	30,945	1880	1,315,497
1850	305,391	1890	1,686,880
1860	775,881	1900	2,069,042
1870	1,054,670	1904 (State)	2,228,949

Cleveland Pasteur Institute
602 Hough Ave., Cleveland, Ohio.
Private Hospital for the Preventive Treatment of Hydrophobia.
H.R. BROWNLEE, M.D., Med. Director

The total land surface is, approximately, 54,450 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 31.0; 1900, 38.0. It extends from 42 degrees, 31 minutes to 46 degrees, 58 minutes north latitude, and from 87 degrees to 92 degrees, 53 minutes west longitude, and is bounded on the north by Lake Superior, on the northeast by the northern Peninsula of Michigan, on the east by Green Bay and Lake Michigan, on the south by Illinois, and on the west by Iowa and Minnesota. The climate is cool and pleasant, the mean annual temperature being 45.40 degrees, that of the summer 69.11 degrees and of the winter 20.84 degrees. The average annual rainfall is about 31 inches. The surface is comparatively level. The Penokee range, about 30 miles south of Lake Superior, is the highest elevation. A slight ridge borders Lake Michigan for 30 miles inland. The state has exceptional facilities for water transportation. Its coast line on Lake Superior is 120 miles, on Lake Michigan 200 miles and on the Mississippi river 400 miles. The affluents of Lake Superior, owing to the structure of the country, are short and have much fall. They are the Montreal, Bad, Burnt Wood and St. Louis. The Peshtigo, Menominee, Pensaukee, Oconto, Fox and Wolf run into Green Bay. The Mississippi receives the Chippewa, St. Croix, Wisconsin, Black, Rock, Buffalo and Trempealeau. Other important streams are the Sheboygan, Manitowoc, Milwaukee and Kewaunee flowing into Lake Michigan. The whole state is dotted with picturesque inland lakes. The northern and central portions of the state have extensive forests of pine, basswood, hickory, maple, elm, ash, black walnut, butternut, oak, birch, poplar, hemlock and cedar. The southern portion is an extensive prairie with very little native timber, except along the banks of the streams. Lead, iron, copper, zinc, salt, alum, and building materials constitute the principal mineral resources. The state ranks third in the production of sandstone, fourth in zinc and fifth in iron. Agriculture is the chief industry, the staple crops being corn, oats, wheat, rye, barley, hay, buckwheat, hops, flax, hemp, pulse, sorghum and tobacco. Dairying and live stock raising are important. The manufactures are extensive and rapidly increasing, the state being well known for its output of lumber, woodenware, beer, brick, boots and shoes, leather, harness, etc. Age, wealth and population considered, the state is unexcelled in the matter of public institutions. Its educational as well as its penal and charitable institutions, have been liberally established and intelligently supported, every effort having been put forth to raise to the highest degree the character and efficiency of them all.

For Medical Colleges, see page 152.

STATE BOARD OF HEALTH.

Pres, W F Whyte, M D, Watertown; Sec, C A Harper, M D, Madison; Q O Sutherland, M D, Janesville; L E Spencer, M D, Wausau; H A Mellike, M D, Clintonville; E S Hayes, M D, Eau Claire; L P Mayer, M D, Hudson.

For full particulars and catalogue address the Dean.

WISCONSIN MEDICAL LAW.

AN ACT relating to the State Board of Medical Examiners, and to the registration and licensing of persons engaged in the practice of medicine, surgery, or osteopathy in the State of Wisconsin.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

Section 1. The governor shall appoint a board of medical examiners to be known as the Wisconsin State Board of Medical Examiners, consisting of eight (8) members. Such appointments shall be made from separate lists presented to him every second year, one list of ten (10) names presented by the Wisconsin State Medical Society, one list of ten (10) names presented by the Homeopathic Medical Society of the State of Wisconsin, one list of ten (10) names presented by the Wisconsin State Eclectic Medical Society, and one list of five (5) names presented by the Wisconsin State Osteopathic Association. In case any of said societies or associations fail to present such list of names, the gov-

PHOSPHATE CHEMICAL MANUFACTORY. NEW ORLEANS, LA.

ernor may fill vacancies in the board by appointment from the last list filed by such association or society previous to the occurrence of such vacancy. The appointment of each member of said board shall be for the term of four (4) years and until his successor is appointed and qualified; the proportion of the different schools of medicine, as herein provided, shall be preserved. No instructor, stockholder, member of, or person financially interested in any school, college or university having a medical department, or of any school of osteopathy, shall be appointed a member of said board. Three members of said board shall be allopathic, two shall be homeopathic, two eclectic and one osteopathic, and all shall be licentiates of said board, and no member shall serve for more than two consecutive terms, provided nothing contained in this act shall be construed as terminating or in any manner interfering with the term of any member of the present state board of medical examiners, but each of said members shall serve out his present term as a member of said board.

Section 2. Said board shall annually, at its July meeting, elect from its members a president, secretary and treasurer, and shall have a common seal. The president and secretary may administer oaths for the accomplishment of the objects of the board. Said board shall hold regular meetings on the second Tuesday in each January at Milwaukee and the second Tuesday of each July at Madison, and such other meetings at such other times and places as it may from time to time determine. The board shall keep a record of all its proceedings and also a register of all applicants for license, together with a record showing their ages, time spent in the study of medicine and the name and location of all institutions granting to such applicants degrees or certificates of lectures in medicine, surgery or osteopathy. Said register shall also show whether such applicant was rejected or licensed, and said books and register shall be prima facie evidence of all the matters required to be kept therein.

Section 3. All persons commencing the practice of medicine, surgery or osteopathy in any of their branches in this state shall apply to said board at the time and place designated by said board, or at any regular meeting thereof, for license so to practice, and shall present to said board a diploma from a reputable college of medicine and surgery or osteopathy. A college to be deemed reputable by this board shall require at least four courses of not less than seven months each before graduation, no two of such courses to be taken within any one twelve months, and that shall require for admission thereto a preliminary education equivalent to that necessary for entrance to the junior class of an accredited high school in this state, including a one year's course in Latin, and that shall after the year 1906 require for admission to such school a preliminary education equivalent to graduation from an accredited high school of this state, and shall submit to an examination in the various branches in medicine and surgery usually taught in reputable medical colleges, or if the applicant be an osteopath he or she shall present a diploma from a regularly conducted college of osteopathy maintaining a standard in all respects equal to that hereby imposed on medical colleges as to preliminary education, said college after 1904 to give three courses of eight months each, no two courses to be given in any one twelve months, and after the year 1909 such college shall give four courses of seven months each, as hereinbefore provided for medical colleges, and shall pass the regular examination of such board in anatomy, histology, physiology, obstetrics, gynaecology, pathology, urinalysis, chemistry, toxicology, dietetics, physical and general diagnosis, hygiene, and theory and practice of osteopathy. The examination in Materia Medica, Therapeutics and Practice shall be conducted by members of the board representing the school of practice, which the applicant claims or intends to follow. After examination, as hereinebfore provided, the board shall, if it find the applicant qualified, grant a license to said applicant to practice medicine and surgery in all their branches in this state, or a license to practice osteopathy therein, which license can only be granted by the consent of not less than six members of said board, and which, afer the payment of fees as hereinafter provided, shall be signed by the president and secretary thereof, and attested by the seal of the board. Osteopaths, when so licensed, shall have the same rights and privileges and be subject to the same laws and regulations as practitioners of medicine and surgery, but shall not have the right to give or prescribe drugs or to perform surgical operations. The fee for examination shall be fixed by the board, but shall not exceed $15.00 in each case, with $5.00 additional for the license if issued. Such fee or fees shall be paid by the applicant to the treasurer of the board and may be applied toward defraying any proper and reasonable expenses of the board; provided, however, that any student who is exempted as a matriculant of any medical college of this state under chapter 306 of the laws of 1901, whose name is now on file with the Wisconsin State Board of Medical Examiners, shall, on the presentation of a diploma from any Wisconsin college, and on the payment of the fees specified in this act, and having satisfied said board that he or she is a person of good moral character, be licensed to practice without further examination by such board, provided that said college maintains its standard herein required. Every person practicing medicine or surgery in the State of Wisconsin, who, at the time of the passage and publication of this act, has not received a license from said board, and who shall after such passage and publication present a diploma from a reputable medical college and give satisfactory evidence of having been a reputable practitioner of medicine and surgery in the State of Wisconsin continuously since the first day of July, 1897, shall be granted a license without examination upon the payment of a fee not exceeding $5.00, as determined by said board. Any person applying for such license shall, if he or she be possessed of a certificate of registration issued under and according to the provisions of chapter 87 of the laws of 1899, present such certificate to said board with the diploma and application of such license, and surrender said certificate on the issuance of said license, the registration fee paid for same shall be deducted from the last named fee. Any practitioner of medicine or osteopathy holding a certificate from any other state board imposing requirements equal to those established by the board provided for herein, may, on presentation of the same, with a diploma from a reputable medical or osteo-

CUTTER'S ANTITOXIN. The "trust-busting" California serum that broke the ranks of the combine, is **still the lowest-priced and most convenient to use of any.** (See page 261.)

pathic college, be admitted to practice within this state without an examination, at the discretion of the board, on the payment of the fee fixed by the board, not exceeding the sum of $25.00.

Section 4. All money received by the board shall be kept by the secretary thereof, who shall also act as treasurer, out of the funds coming into their possession from the fees mentioned in the preceding section; the board may pay all legitimate and necessary expenses incurred by them, their agents or employes in the discharge of the duties of the board, and the members may receive for their services a sum to be determined by the board, not exceeding five dollars for each day actually spent in attending to the business of the board; the secretary shall receive a salary to be fixed by said board, not to exceed one thousand dollars per annum. Such salary, compensation and expenses shall be paid from the fees received by the board, and no part thereof shall be paid out of the state treasury. The secretary shall furnish to the board such bond as they may from time to time direct. It shall be the duty of said board to make a report of their proceedings to the governor at the end of each biennial period, together with an account of all moneys received and disbursed by them, and all moneys in excess of actual expenses shall be paid into the state treasury, the secretary of said board securing a receipt therefor, said moneys there to remain as an emergency fund which may be withdrawn in whole or in part by said board in case of necessity with the consent of the governor. Said biennial period shall begin Dec. 31, 1904. The provisions of this act shall not apply to commissioned surgeons of the United States army, public health and marine hospital service, or to physicians or surgeons of other states or countries in actual consultation with resident physicians of this state.

And provided, further, that any practitioner of medicine or surgery holding a license from the state board of medical examiners of any adjoining state, dated since January 1st, 1901, shall on presentation of the same within one year from the taking effect of this act, accompanied by a certificate from the secretary of the state board of medical examiners of the state issuing the license that such applicant is a reputable practitioner of medicine and surgery, be licensed to practice medicine and surgery in this state, without an examination, at the discretion of the board, on payment of the fee.

Section 5. Every person hereafter practicing medicine, surgery or osteopathy in this state shall be required to have the license herein provided for, or heretofore issued by the Wisconsin State Board of Medical Examiners, or a certificate of registration issued pursuant to the provisions of chapter 87 of the laws of 1899, and any person having or hereafter receiving a license according to the provisions of this act, or having such certificate of registration, shall record the same with the county clerk of any county in which said person shall practice and pay to said clerk or clerks a fee of fifty (50) cents each for recording the same, and said clerk shall enter a memorandum thereof, giving the date of said license or certificate, the name of the person to whom it was issued, school of practice chosen, and the date of such recording in a book to be provided and kept for that purpose. Any such person who shall fail to record his or her license or registration certificate, as herein provided, shall not exercise any of the rights or privileges confered by such license or certificates. And any person beginning such practice without having obtained such license, or having obtained such license contrary to law, or any person who, not having such license or certificate of registration herein referred to, shall advertise or hold himself or herself out to the public as a physician, surgeon, osteopathist or specialist in any of the branches of medicine, surgery or osteopathy, or who shall use the title of "Doctor," or shall append to his or her name the letters "M. D." or "M. B.," meaning doctor or bachelor of medicine, or "D. O.," meaning doctor or diplomat of osteopathy, or any other letters of designation meaning any of the titles enumerated in this section, shall be punished by a fine of not less than $50.00 nor more than $100.00 for each offense, or by imprisonment in the county jail for a term not exceeding three months, or by both such fine and imprisonment. Any person practicing medicine, surgery or osteopathy, or without authority assuming the title of "doctor of medicine," "doctor or diplomat of osteopathy," "bachelor of medicine," or "physician," or "surgeon," or "osteopathist," or "osteopath," shall not be exempted from but shall be liable to all the penalties and liabilities for malpractice which physicians, surgeons or osteopathists are liable to, and ignorance on the part of any such person shall not lessen such liability for failing to perform, or for negligently or unskillfully performing or attempting to perform any duty assumed, and which is ordinarily performed by physicians, surgeons or osteopathists. If any person licensed or registered by said board shall be convicted of any crime committed in the course of his professional conduct, the court in which such conviction is had may, in addition to any other punishment imposed pursuant to law, revoke such license or certificate. Said board shall have the power to adopt such rules for its government and may require the filling out of such blanks by applicants as it may deem necessary in order to ascertain the true character and qualifications of an applicant for license, and the board may in its discretion refuse to grant license to any person who does not furnish satisfactory proof of good moral and professional character.

Section 6. Every person shall be regarded as practicing medicine or osteopathy within the meaning of this act who shall append to his or her name the letters "M. D.," "M. B." or "D. O.," Doctor, Dr., or any other letters or designation with intent to represent that he or she is a physician, surgeon or osteopathist, or who shall for a fee prescribe drugs or other medical or surgical treatment or osteopathic manipulation for the cure or relief of any wound, fracture, bodily injury, infirmity, or disease; provided, however, that nothing in this act contained shall be construed to apply to any dentist or resident refracting optician engaged in he pracice of his or her profession.

Section 7. It shall be the duty of the board of medical examiners to investigate all complaints in regard to the violation, or disregard of, or non-compliance with, the provisions of this act, and to bring all such cases to the notice of the proper prosecuting

For the treatment of Alcohol, Morphine, Opium, Cocaine and other Drug Habits,

GO TO Moores Brook Sanitarium
Charlottesville, Va.

officers, and it shall be the duty of the district attorney of the proper county to prosecute all violations of this act.

Section 8. No person practicing medicine, surgery or osteopathy shall have the right to collect, by law, any fees or compensation for the performance of any medical or surgical services, or fees for any service as an osteopathist, or to testify in a professional capacity as a physician, or surgeon, or insanity expert, in any case, unless he or she holds a license from the Wisconsin Board of Medical Examiners, or the certificate of registration hereinbefore referred to, with a diploma from a reputable medical college or society, or a certificate of membership in a medical society, and has been duly recorded as a practitioner in the State of Wisconsin; provided, that nothing in this act contained shall be construed as restricting any court in a criminal action from receiving the testimony of any person as a witness.

Section 9. All acts or parts of acts in any wise conflicting with the provisions of this act are hereby repealed.

Section 10. This act shall take effect and be in force from and after its passage and publication.

Approved May 22, 1903.

For text of Bill empowering the State Board of Medical Examiners to refuse to grant licenses to persons guilty of unprofessional conduct, etc., see Supplement.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‡, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

Our Rates are Lowest

and our Equipment Surpasses any other American Sanitarum

Any approved treatment given in any Sanitarium in the world is given here. Meets every personal and professional requirement. Sixty Zander Swedish machines. All kinds of baths and massage. X-ray and all electrical appliances. Special attention given rheumatism or its sequelæ in the treatment of which we have been singularly successful.

This institution offers unusual facilities for modern scientific treatment of nervous and organic diseases as well as all chronic non-contagious affections. No insane cases admitted. Correspondence solicited with the profession. Write for booklet.

DR. S. S. STACK, Superintendent.

SACRED HEART SANITARIUM, : : MILWAUKEE, WIS.

Conducted by Franciscan Sisters.

Nugent Sanitarium FOR THE SUCCESSFUL TREATMENT OF THE Liquor and Drug Habits

Cor. Wells St. and Hawley Road, Milwaukee, Wis. P. O. Box 443.

A scientific application of the 20th century's knowledge of alcohol and drug antidotes. A special "Villa" for Ladies. Far famed Medical Springs on Grounds. Expert Medical Supervision. Latest Scientific Treatment. **M. J. Nugent**, Pres. and Mgr. **Dr. J. J. Heffron**, Physician in Charge. **Dr. E. H. Wehle**, Consulting Physician, **Tel. Wauwatosa 44**

Trade Mark

Scott's Emulsion

has been the standard preparation of cod liver oil for over thirty years. It is in a class by itself.

C

WYOMING.

CAPITAL, CHEYENNE.

Population of State, 101,816.
(State Census of 1905.)
Number of Physicians, 147.

Wyoming was organized as a territory July 25, 1868, from what was then the southwestern portion of Dakota, northeastern part of Utah and eastern part of Idaho. On July 10, 1890, the territory was admitted as a state by Act of Congress, being the forty-fourth state in order of

Somnoform THE IDEAL GENERAL ANAESTHETIC FOR MINOR SURGERY.
E. de Trey & Sons Philadelphia New York See adv opp page 1450.

admission. It had according to the United States census of 1900, a population of 92,531, as against 60,705 in 1890, representing an increase during the decade of 31,826, or 52.4 per cent. The population of the Territory of Wyoming in 1870 was 9,118, and it increased to 20,789 in 1880. During the next ten years the increase was 39,916 or 192.0 per cent, giving a total population of 60,705 in 1890. Its geographical location classes it among the states of the intermountain or arid region, being bounded on the north by Montana, on the east by Dakota and Nebraska, on the south by Colorado and Utah, and on the west by Utah, Idaho and Montana. Its length from east to west is 355 miles; width from north to south 276 miles, and it has an area of 97,890 square miles or 62,645,120 acres. In general appearance the country is mountainous, with valleys, rolling plains and plateaus, the latter covered with grasses of great nutrition, and furnishing admirable pasture for live stock, while the main elevation is 6,000 feet above sea level, with extremes ranging from 3,000 to 14,000 feet. Probably 10,000,000 acres of the total area of the state are covered with timber. Flowing east or west, according as their source is on the eastern or western slope of the main range of the Rocky Mountains, which cross the state from north to south, are numerous streams, among the number being the North Platte, Snake River, Green, Big Horn, Laramie and Yellowstone. None of these streams are navigable in a commercial sense, but they furnish water for the irrigation and development of the surrounding country and in some instances are used for the transportation of timber. The soil is a light sandy loam, darker and richer in the valleys. When reclaimed by the application of water, bountiful returns of agricultural products with the exception of such as thrive only at low altitudes and warm damp climates, are secured. It is estimated that 10,000,000 acres of the area of the state are suitable for agricultural purposes by irrigation.

There are thirteen counties, four judicial districts, four irrigation divisions, many school districts, but no township organization.

WYOMING MEDICAL LAW.

CHAPTER 45, SESSION LAWS OF 1905.

House Bill No. 71.

BOARD OF MEDICAL EXAMINERS.

An Act to re-enact Chapter 5, Division 1, Title XVI., Revised Statute of 1899, relating to the State Board of Medical Examiners.

Be it Enacted by the Legislature of the State of Wyoming:

Section 1. The Governor, by and with the consent of the Senate, shall appoint three regularly licensed physicians of the State of Wyoming, who shall constitute the State Board of Medical Examiners, and who shall hold office for a term of four years. Any vacancy which may occur in said Board from any cause shall be filled by appointment by the Governor, and the physician so appointed shall hold his office until the expiration of the term.

Sec. 2. The members of the said Board of Medical Examiners shall meet and organize within thirty days after their appointment by taking an oath faithfully to discharge the duties of their office, which oath shall be filed with the Secretary of State, and by the election of a president, a vice-president and a secretary. They shall provide such blanks and certificates as are necessary to comply with the provisions of this act, and an appropriate seal, which shall be attached to all official papers issued by the said Board, and they shall from time to time adopt such rules and regulations as shall be deemed necessary in the performance of their duties consistent with the requirements of this act.

Sec. 3. It shall be the duty of the said Board to pass upon the qualifications and determine the fitness of all persons who may desire to practice medicine, surgery and obstetrics, or who may publicly profess in any manner to assume the responsibility of the care or treatment of disease, injury or deformity of human beings in the State.

Sec. 4. Every person wishing to practice medicine in any of its departments in this State shall possess the qualifications required by this act. He shall be a graduate from a regularly chartered college of the system which he claims to practice. Said college must be recognized by the State Board of Health or the State Board of Medical Examiners of the State in which it is located. He shall give evidence of the fact that he is a person of good moral character, and that he shall not be the victim of such habits as shall cause him to endanger the lives of those intrusted to his care. He shall present his diploma to the State Board of Medical Examiners for verification as to its genuineness. Said certificate shall consist in the affidavit of the holder of the diploma that he is the lawful possessor of the same and that he is the person therein named. Such affidavit may be taken before any person authorized to administer oaths, and the same shall be attested under the hand and seal of such officer. He shall appear before the State Board of Medical Examiners in person at a time and place appointed, and shall pass an examination sufficiently strict to test his qualifications as a practitioner. Said examination may be in whole or in part in writing. It shall be of an elementary and practical character, and shall be upon the following subjects: Anatomy, Physiology, Chemistry, and Toxicology, Pathology, Physical Diagnosis, Gynecology, the Principles of Surgery, Obstetrics, Hygiene and Bacteriology. He shall further be required to pass an examination in such branches as are necessary to complete the system of which he is a practitioner. If the applicant is a practitioner of any school or system not represented in the membership of the Board, the Board shall have authority to call a regularly licensed practitioner of that system to assist in the examination. The practitioner thus called shall receive a compensation of five dollars for each person examined. An average grade of seventy-five per cent in all branches of the examination shall be required; Provided, That the applicant shall not pass lower than sixty per cent in any one branch. Said examination shall be conducted by and under the supervision of the secretary of the Board, with such assistance from the other members as shall be agreed upon by them. Said examinations shall be held at stated periods to suit the convenience of the Board and applicants; Provided, That not more than four examinations shall be held in any one year.

The president and secretary of the State Board of Medical Examiners shall issue certificates to all persons who successfully pass said examinations, and such certificates, after being duly recorded as hereinafter provided, shall be deemed license to practice medicine in all branches in which the applicant has taken examination in this State. No application for license to practice medicine in this State shall be rejected because of adherence to a particular school of practice. All persons who are licensed practitioners in this State prior to the passage of this act shall be exempt from its requirements.

Sec. 5. The State Board of Medical Examiners shall receive, through its secretary, applications for certificates and examinations. A fee of twenty-five dollars shall accompany each application. Should the applicant fail to pass the examination, he may present himself at any time within a period of one year for another examination without the payment of an additional fee.

Sec. 6. Said Board may, in its discretion, accept and register, upon payment of the registration fee, and without examination of the applicant, any certificate which shall have been issued to him by the Medical Examining Board of the District of Columbia, or of any State or Territory of the United States; Provided, however, That the legal requirements of such Medical Examining Board shall have been, at the time of issuing such certificate, in no degree or particular less than those of Wyoming at the time when such certificate shall be presented for registration to the Board created by this act; and, Provided, further, That the provisions in this section contained shall be held to apply only to such of said Medical Examining Board as accept and register the certificates granted by this Board without examination by them of the ones holding such certificates.

Physicians' Casualty Association of America

Pays $25.00 weekly indemnity for accidental injuries. Costs $3.00 quarterly
Write E. E. ELLIOTT, Sec'y
See page 12 OMAHA, NEB.

Sec. 7. Any person shall be regarded as practicing medicine, within the meaning of this act, who shall in any manner hold himself out to the public as being engaged within this State in the diagnosis and treatment of diseases or injuries or deformities of human beings; or who shall suggest, recommend or prescribe any form of treatment for the intended palliation, relief or cure of any physical or mental ailment of any person with the intention of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever; or who shall maintain an office for the reception, examination and treatment of any person suffering from disease or injury of body or mind; or who shall attach the title of M. D., Surgeon, Doctor or any other word or abbreviation to his name indicative that such person is engaged in the practice of medicine as hereinbefore defined.

Sec. 8. The examination papers of applicants, when placed in the hands of the secretary, shall become the property of the State and shall remain in the possession of the State Board of Medical Examiners, and the questions and answers of any examinations, together with the gradings thereon, shall be subject to inspection at any time at the secretary's office

Sec. 9. Every person holding a certificate as having successfully passed an examination before said Board of Medical Examiners shall have the same recorded at the office of the county clerk of the county in which he resides, and the date and place of record shall be indorsed thereon. Any person moving to another county to practice shall procure a certificate to that effect from the county clerk, and the holder of the certificate shall pay to the county clerk the usual fees for making the record.

Sec. 10. The county clerk shall keep in a book provided for that purpose a complete list of all the certificates recorded by him, with the date of issue.

Sec. 11. The fees received by the said Board of Medical Examiners from examination shall be kept in a fund to be know as the "Medical Fund," and shall be subject at all times to the warrant of the State auditor drawn upon written requisition of the president and attested by the secretary of the State Board of Medical Examiners, with seal attached, for the payment of any expenses made by said Board.

Sec. 12. Said Board of Medical Examiners may refuse certificates to individuals guilty of malpractice or dishonorable conduct, or who shall have been convicted of penal offenses before any court in this State or elsewhere; or may revoke certificates for like causes, such revocation being after due notice and trial by the Board of Medical Examiners, subject to the right of an appeal to the District Court of the county in which said individual resides; but no such revocation shall be made by reason of the individual's belonging to or practicing any particular school or system of medicine.

Sec. 13. Nothing in this act shall be construed to prohibit gratuitous service in case of emergency, and this act shall not apply to commissioned surgeons of the United States army or navy, or medical examiners of relief departments of railroad companies, while so employed, or any lawfully qualified physicians residing in other States or counties meeting registered physicians of this State in consultation, or any physician or surgeon residing upon the border of a neighboring State, and duly authorized under the laws thereof to practice medicine and surgery therein, whose practice extends into the limits of this State. This act shall apply to apothecaries and pharmacists who prescribe for the sick.

Sec. 14. Any person practicing medicine within the meaning of this chapter in this State without complying with the provisions of this act shall be deemed guilty of misdemeanor and punished by a fine of not less than fifty dollars nor more than three hundred dollars, or by imprisonment in the county jail for not more than one year, or both; and each person filing, or attempting to file as his own, the diploma of another or a forged affidavit of identification shall be guilty of felony, and upon conviction thereof shall be imprisoned in the penitentiary for a term not exceeding three years.

Sec. 15. The State Board of Medical Examiners shall examine all persons upon the theory and practice of obstetrics who profess to practice obstetrics and midwifery, who do not have authority to practice medicine or surgery; and they may issue to such candidates and person or persons who shall pass a satisfactory examination, certificates which shall authorize and empower them to practice obstetrics or midwifery. No person shall practice obstetrics or midwifery unless either a practicing physician or authorized to practice under the provisions of this act, or holding such certificates as are prescribed by this section; Provided, That nothing in this section shall be construed to prohibit persons from rendering services in cases of obstetrics or midwifery in cases of emergency.

Sec. 16. Any itinerant who has not qualified as hereinbefore provided, who shall sell or offer for sale any drug, nostrum or appliance of any kind intended for the treatment of any disease or injury or deformity, or for correction of impairment of vision or hearing, or shall by writing, printing or other method, except by ordinary professional card or sign, publicly profess to cure or treat disease, injury or deformity, by any drugs, nostrum, or in any manner whatever, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than fifty dollars nor more than one hundred dollars, and costs of prosecution, for each offense, and shall be committed until such fine and costs are paid; Provided, That any one who shall maintain an office or residence in the State for a period of not more than three months in any one year shall be deemed an itinerant.

Sec. 17. The secretary of said Board shall be paid a salary which shall be compensation for the actual work done in the performance of the duties of his office, the amount thereof to be fixed by the Board, not to exceed the sum of twenty-five dollars per month, the same to be paid out of the medical fund by warrants drawn by the State Auditor upon there being filed with the State Auditor a certificate to be signed by the president and secretary of the Board, with the seal of the Board attached, showing that the secretary has acted in that capacity for the time for which his bill is presented. The other members of the Board shall receive the sum of ten dollars per day while actually employed in attending meetings of the Board,

Scott's Emulsion Is more powerful, more digestible and more palatable than the raw cod liver oil.

or in carrying out the provisions of this act. Members of the Board shall also receive their actual traveling and necessary expenses while engaged in the performance of their duties, to be paid out of the medical fund upon warrants to be issued by the State Auditor, and all bills therefor shall be accompanied by a certificate signed by the president and secretary of the Board, with the seal of the Board attached, attesting the correction of the bill.

Sec. 18. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

Sec. 19. This act shall take effect and be in force from and after its passage.

Approved February 15th, 1905.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‡, Dentist R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

TERRITORY OF HAWAII.

CAPITAL, HONOLULU.

Population of Territory, 154,001.
(U. S. Census of 1900.)
Number of Physicians, 106.

The Hawaiian Islands are located in the Pacific Ocean, and extend from 18 degrees 55 minutes to 22 degrees 16 minutes north latitude and from 154 degrees 40 minutes to 160 degrees 30 minutes west longitude. They are about 2,000 miles west of the United States, 3,400 from Yokohoma and 4,800 from Hong Kong. The inhabited islands of the group are eight in number, their area being as follows: Hawaii, 4,210 square miles; Maui, 760; Oahu, 600; Kauai, 590; Molokai, 270; Lanai, 150; Niihau, 97, and Kahoolawe 63, making a total of 6,740 square miles. By joint resolution of Congress, July 6, 1898, Hawaii was annexed to the United States and is governed under an act which became law April 30, 1900, providing that the islands shall be known as the "Territory of Hawaii," and that the capital shall be at Honolulu. The legislature consists of two houses—Senate and House of Representatives—composed of 15 and 30 members respectively. Hawaii is represented in the Congress of the United States by a delegate who is elected biennially by the people. The climate is equable, the mean annual average temperature as observed at Honolulu being about 72 degrees. The well known leper settlement is located on Molokai island. There are over 75 miles of railroad and 250 miles of telegraph. Honolulu, the capital, has a population of 28,061, is lighted by electricity and possesses most of the facilities and advantages of a modern, enterprising American city.

TERRITORIAL BOARD OF HEALTH.

Hawaiian Territorial Medical Society—Next annual meeting November 3, 1906, at Honolulu. President, James T Wayson, Honolulu; V-Pres, Edward Armitage, Wailuku (Maui); Sec and Treas, A N Sinclair, Honolulu.

THE Keeley Cure 1204 So. Adams St., MARION, INDIANA.
Cures Liquor, Morphine and Other Drug Habits.
The Institute is pleasantly located, newly furnished and modern throughout.
No restraint or publicity. Information furnished on application.

MEDICAL LAWS OF HAWAII.

LICENSE IS REQUIRED.

Section 827 P. L. No person shall practice medicine or surgery as a profession in the Territory of Hawaii, either gratuitously or for pay or shall offer to so practice, or shall advertise or announce himself, either publicly or privately, as prepared or qualified to so practice without having first obtained from the treasurer under seal of his department a license in form and manner substantially as hereinafter set forth. Such license shall only be granted upon the written recommendation of the board of health.

ISSUED ON THE RECOMMENDATION OF BOARD OF HEALTH.

All licenses to practice medicine or surgery heretofore granted by the treasurer upon the recommendation of the board of health, and in force at the time of the passage of this act, shall remain in force, subject to the provisions of this act.

DEFINING THE PRACTICE OF MEDICINE.

Section 828 P. L. For the purposes of this act the practice of medicine shall be held to include the use of drugs and medicines, water, electricity, hypnotism, or any means or method, or any agent, either tangible or intangible, for the treatment of disease in the human subject. Provided, however, that nothing herein contained shall be held to forbid any person from the practice of any method, or the application of any remedial agent or measure under the direction or with the approval of a licensed physician.

MEDICAL EXAMINERS.

Section 829 P. L. No person shall be recommended by the board of health for a license to practice medicine or surgery except upon the written report of a board of medical examiners, to be appointed and constituted as hereinafter provided, setting forth that the applicant named therein has been duly examined and found to be possessed of the necessary qualifications.

TO BE APPOINTED BY GOVERNOR.

Section 830 P. L. For the purpose of carrying out the provisions of this act, the governor is hereby authorized and directed to appoint a board of medical examiners, whose duty it shall be to examine all applicants for license to practice medicine or surgery, and to report the result of such examination to the board of health.

Such board of medical examiners shall consist of three persons, all of whom shall be licensed physicians or surgeons under the laws of this territory. The first appointment shall be for one, two and three years respectively, and all subsequent appointments, unless to fill out unexpired terms, shall be for three years, subject, however, to removal for cause by the governor. The members of the board of medical examiners shall serve without pay.

APPLICANT TO PAY A FEE OF $10.

Section 831 P. L. No applicant for license to practice medicine or surgery shall be examined, until he shall have paid to the treasurer a fee of ten dollars.

PENALTY FOR VIOLATING THE STATUTE.

Section 832 P. L. Any person who shall practice medicine or surgery in the Hawaiian Islands, or who shall offer or attempt to so practice, or shall advertise or announce himself, either publicly or privately, as prepared or qualified to so practice, contrary to the provisions of Section 827, shall be guilty of a misdemeanor, and shall be liable on conviction to a fine of not more than two hundred and fifty dollars, in the discretion of the court.

LICENSE REVOCABLE.

Section 833 P. L. Licenses to practice medicine and surgery, whether granted under the provisions of this act or of any act heretofore existing, may be revoked by the treasurer at any time for professional misconduct, gross carelessness or manifest incapacity; such misconduct, carelessness or incapacity, having been proven to the satisfaction of the board of health, and by that body reported in writing to said treasurer. In case any license is revoked for any of the causes named in this section, the holder thereof shall immediately be notified of such revocation in writing by the treasurer.

Section 834 P. L. In case of an alleged misconduct, carelessness or incapacity on the part of any holder of a license to practice medicine or surgery, the person so charged shall be notified in writing of the charge or charges that have been made, and of the time and place when and where evidence in support of the same will be heard, and shall have the opportunity to present evidence and be heard in his own defense.

Section 835 P. L. The form of license to practice medicine and surgery shall be substantially as follows:

Territory of Hawaii.
Treasurer's Office.

LICENSE TO PRACTICE MEDICINE AND SURGERY.

..... a native of ....., aged ..... years, having been duly examined by the board of medical examiners, and having been recommended by the board of health as possessed of the necessary qualifications, is hereby licensed to practice medicine and surgery in the Territory of Hawaii.

This license is granted and accepted on the express condition that it may be revoked at any time for professional misconduct, gross carelessness or manifest incapacity; such misconduct, carelessness or incapacity, having been proven to the satisfaction of the board of health, and by that body reported to the treasurer.

Given under my hand and the seal of the treasurer's office, this ..... day of ....., A. D. .....

(Signed).....
Treasurer.

(Signed).....
Chief Clerk.

ANTIKAMNIA PREPARATIONS
PLEASE SEE PAGE 3 FOR PARTICULARS

Section 836 P. L. Any person who shall attempt the cure of another by any practice of sorcery, witchcraft, anaana, hoopiopio, hoounauna, hoomanamana, or other superstitious or deceitful methods, shall, upon conviction thereof before a district magistrate, be fined in a sum not less than one hundred dollars or be imprisoned at hard labor not to exceed six months.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homœopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board: †, Legally authorized under the "5 years of practice" section of the act; ‡, Druggist; , Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

PHILIPPINE ISLANDS.

CAPITAL, MANILA.

Population of the Islands, 7,635,426.

Number of Physicians, 578.

The total population of the Philippine archipeligo on May 2, 1903, was 7,635,426. Of this number 6,987,686 were classed as civilized, while the remainder, 647,740, consisted of wild people. The civilized people with the exception of those of foreign birth were practically all adherents of the Roman Catholic church; while those classified as wild people, more than two-fifths are Mohammedans, the remaining three-fifths of the wild people belong to various tribes differing from each other in degrees of barbarism.

For the purpose of government the Archipelago is divided in provinces, provinces into municipalities and municipalities into barrios. The inhabitants, at the time of the census, were distributed in 39 civil provinces and the sub-province of Marinduque, 9 military districts and one city district, Manila.

The Philippine Islands form a part of the great archipelago known as the East Indies. They lie southeast of the continent of Asia, nearly south of the Japanese Islands and north of Borneo and Celebes; between the meridian 116 degrees 46 minutes and 126 degrees 34 minutes east longitude, and between the parallels of 4 degrees 40 minutes and 21 degrees 10 minutes north latitude, that is entirely within the tropics.

In addition to the above the United States subsequently acquired from Spain the little group of islands known as Cagayan Sulu and nine other small islands lying off the north coast of Borneo.

The Philippine Islands are structurally connected with Borneo and Celebes by three isthmuses, which are partly submerged. The westernmost of these connects through Mindoro, the Calamaines and Paragua and Borneo. The passages between the southern point of Paragua and Borneo are shallow and much interspersed with islands, the largest of which is Balabac, and by many coral reefs. The second of these isthmuses connects with the northeastern point of Borneo and is continued through the Tawi-Tawi, Siassi, Jolo and Basilau groups to the southwestern point of Mindanao at Zamboanga and is continued through the Visayan Islands to Central Luzon. Between these two connections lies the Sulu Sea with a maximum depth exceeding 2,000 fathoms. The third and easternmost of these isthmuses connects the northwestern point of the irregular island of Celebes through the Sangull Archipeligo to the southeastern point of Mindanao, thence its course may be traced northward in a great curve through the easternmost ranges of Mindanao to Leyte and Samar and through southeastern Luzon. This encloses the Celebes sea, which is much deeper than the Sulu sea. These three lines of elevation converge in Central Luzon and these combined appear to form the mountain system in the northern part of that island. Thus these two seas, the Sulu and Celebes, are nearly enclosed, their connection with the Pacific and with the China sea being everywhere shallow. It results that their waters are, as a rule, much warmer than those of the adjacent oceans, since warm surface water can only flow through the passages connecting them.

Considering the Philippine Archipelago by itself, it may be regarded as having the form of a triangle, open at the base and with its most acute angle pointing northward, this being represented by Northern Luzon and the Batan and Babuyan Islands. The western leg of the triangle is represented by Paragua and dependent islands and the eastern one by the Visayan Islands and Mindanao, with the Sulu sea lying between them.

The islands and the mountain ranges upon them have in general a trend which may be roughly described as northward and southward, although certain of them, such as that forming the backbone of Paragua, trend nearly northeast and southwest, while others trend to the west of north and to the east of south. The trend of these ranges seem to indicate the direction of the forces which produced the folds and faults which brought these lands above the sea. This is apparently the only indication of system in the Archipelago and it may be mere fortuitous.

The following table shows the increase in population since 1858:

1858	4,290,381	1887	5,984,727
1870	4,712,006	1894	6,490,584
1877	5,567,685	1903	7,635,426

The total land surface is approximately 115,000 square miles, the average number of persons to the square mile is 67. Of the 6,987,686 civilized people, 3,496,653 are males and 3,491,034 are females. Classed by nationality, they are as follows:

	Males	Females	Total
Filipinos	3,443,816	3,487,732	6,931,548
Chinese	40,518	517	41,035
Americans (U. S.)	6,920	1,215	8,135
Spanish	3,187	701	3,888
Japanese	475	446	921
English	549	118	667
Germans	344	24	368
East Indians	211	30	241
French	105	16	121
Other Europeans	344	143	487
Other Asiatics	63	45	108
Other Americans	56	26	82
Other Countries	64	20	84

When the census was taken there were 70 hospitals in the Philippine Islands. The inadequacy of hospital facilities is apparent; the increase and extension of this class of institutions is not generally favored by the people, partly on account of the expense of construction and maintenance to which they do not feel able to contribute but more especially because the Filipinos are adverse to turning their sick over to strangers, preferring to nurse them themselves, a feeling which is generally entertained by the masses in other countries as well as in the Philippines. This feeling is so strong among them, that they usually seek to prevent, by all means in their power, the transfer of those suffering with cholera or smallpox, although they may fully realize the danger of contagion.

AN ACT REGULATING THE PRACTICE OF MEDICINE AND SURGERY IN THE PHILIPPINE ISLANDS.

By authority of the President of the United States, be it enacted by the United States Philippine Commission, that:

Section 1. The commissioner of public health for the Philippine Islands shall appoint a board of medical examiners for the Philippine Islands, with the advice and consent of the board of health for the Philippine Islands, consisting of three physicians, who shall be graduates of a legally chartered and reputable medical college and shall hold the degree of doctor of medicine. They shall hold office for three years after their appointment, and until their successors are appointed and qualified: Provided, that the first appointees shall be appointed for a period of one, two and three years, respectively, as specified in their respective certificates of appointment from the commissioner of public health; and provided further, that no member of the faculty of any school, college or university where medicine or surgery is taught shall be eligible for appointment on said board. Each person appointed to the board shall qualify by taking and subscribing the following oath of office:

"I, ..., having been appointed a member of the board of medical examiners for the Philippine Islands, do hereby solemnly swear that I am a graduate in good standing of the legally chartered medical college or university at ....., in the city of ..... that I will well and truly perform all the duties of said office, that I will faithfully account for all moneys coming into my hands as such officer, that I will bear true faith and allegiance to the government of the United States, and that I take this oath without any mental reservation whatsoever; so help me God."

The oath shall be recorded and filed in the office of the secretary of the board of health for the Philippine Islands. The commissioner of public health shall fill any vacancy which may occur on the board within one month after the vacancy occurs, and may remove any member of said board for continued neglect of duty, incompetency, or for unprofessional or dishonorable conduct with the advice and consent of the board of health for the Philippine Islands.

Sec. 2. The board of medical examiners shall appertain to the department of the interior, so far as executive action may be required in connection with it. It shall organize immediately after the appointment of its members, and annually thereafter on the anniversary of its first organization, by electing from its members a president, who shall be its chief executive officer, and a secretary-treasurer. It shall procure and keep a seal with which to attest its official acts. The members of the board, except the secretary treasurer, shall receive as compensation the sum of two and one-half dollars ($2.50) each for each candidate examined for registration as doctor or licentiate of medicine, and one dollar ($1.00) each for each candidate examined for registration as undergraduate of medicine or midwife. The secretry-treasurer shall receive compensation at the rate of two hundred dollars ($200) per year, one-half of which amount shall be paid on the 30th of June and one-half on the 31st of December of each year. The amounts due the members of the board of examiners for compensation shall be paid from insular funds and disbursed by the disbursing officer of the board of health for the Philippine Islands. The secretary-treasurer shall execute a bond for five hundred dollars ($500) with good and sufficient sureties, which shall be approved by the treasurer of the Philippine archipelago, conditioned that he will pay to the treasurer of the Philippine archipelago all moneys received by him as treasurer, and that he will faithfully discharge all the duties of his office. He shall keep a record of the proceedings of the board and a register of all persons to whom certificates of registration as doctors of medicine, licentiates of medicine, undergraduates in medicine, or midwives, have been granted under the provisions of this act, setting forth the name, age, sex and place of business of each, his postoffice address, the name of the medical college or university from which he graduated or in which he has studied, if any, and the date of such graduation or term of study, together with the time spent in the study of medicine elsewhere, if any, and the names and locations of all institutions which have granted to him degrees or certificates of clinics or lectures in medicine and surgery, and all other degrees granted him from institutions of learning.

Sec. 3. The board of medical examiners shall meet in the city of Manila for the purpose of examining candidates desiring to practice medicine in the Philippine Islands on the second Tuesdays of January, April, July and October of each year after giving thirty days written or printed notice of such meeting to each candidate who has filed his name and address with the secretary-treasurer of the board. The board of medical examiners shall issue a certificate of registration to any person who furnishes satisfactory proof of having received a diploma as doctor of medicine from a chartered medical school or college in good standing or a degree as licentiate of medicine and surgery from the St. Thomas University in the city of Manila, or who has received permission to appear before a medical board for examination with a view to obtaining a license to practice medicine, in accordance with the provisions of circular order of the military governor No. 5, issued February 25, 1900, and circular order No. 6, same authority, issued April 1, 1900, and who shall pass a successful examination before the board as hereinafter described. The board shall issue four forms of certificates of registration to persons who have been examined and favorably passed upon by the board: One, for persons holding the degree of doctor of medicine; another, for persons holding the degree of licentiate of medicine; a third, for undergraduates in medicine, or "cirujanos ministrantes;" and a fourth, for midwives. Each certificate shall be signed by a majority of the members of the board. The secretary-treasurer of the board shall collect a fee of fifteen dollars ($15.00) for each certificate of registration as doctor or licentiate of medicine, and a fee of five dollars ($5.00) for each certificate of registration as "cirujanos ministrante," or as midwife, issued by the board.

Sec. 4. The board shall, on or before the 30th of June of each year, make a report to the secretary of the interior of its proceedings during the past year, and of all moneys received and disbursed by it within that period.

CUTTER'S VACINE VIRUS, not only yields a high percentage of "takes," but no bad results have ever, either remotely or immediately followed its use. (See page 261.)

Sec. 5. After March 1, 1902, it shall be unlawful for any person to practice medicine, surgery or midwifery in any of its branches in the Philippine Islands, unless he holds a certificate of registration from the board or has otherwise complied with the provisions of this act. Any person in continuous practice of medicine, surgery and midwifery in any of their branches in the Philippine Islands prior to the passage of this act may become a registered practitioner by submitting to the board of medical examiners for the Philippine Islands a diploma of doctor or licentiate of medicine from a reputable medical school or college: Provided, that any person now a member of the highest class in the St. Thomas University in the city of Manila who shall have pursued his studies in medicine and surgery in the said university for not less than five years, and shall receive a degree of licentiate in medicine and surgery from said university in the month of March, 1902, may likewise become a registered practitioner by submitting to the board of medical examiners such degree on or before the first day of April, 1902. For the purposes of this section a physician who has been in the regular practice of his profession in these islands, but whose practice has been interrupted by trips abroad for study or pleasure only, shall be deemed to have been in continuous practice. Provided further, that any person who has passed the requisite examination before a board of examiners convened pursuant to special orders No. 5, office of the United States military government in the Philippine Islands, dated February 25, 1900, and circular No. 6, same authority, dated April 1, 1900, shall not be required to undergo another examination, but shall be entitled to be registered and to receive a certificate of registration as a licentiate of medicine. The fee for such certificate shall be ten dollars ($10.00), provided, further, that any person who has studied medicine in the St. Thomas University of the city of Manila for a period of not less than two years, and has received the title of "cirujano ministrante" from said university may be registered to practice medicine in remote towns of a province where no civilian doctor of medicine or licentiate of medicine is available, upon passing a satisfactory examination before the provincial board of health for the province in which he desires to practice and paying to its provincial treasurer a fee of five dollars ($5.00) for a certificate of registration, which shall thereupon be issued to him by the president of the provincial board of health.

Sec. 6. Every person hereafter desiring to begin the practice of medicine or surgery in the Philippine Islands shall apply to the board of medical examiners for a certificate of registration as doctor of medicine, and such applicant shall submit to an examination in the following branches, to-wit: Anatomy, physiology, chemistry, materia medica and therapeutics, pathology and bacteriology, hygiene, surgery, practice of medicine, obstetrics, diseases of women and children, diseases of the nervous system, diseases of the eye and ear, medical jurisprudence; and shall present a diploma of doctor of medicine from a medical school or college recognized as reputable by the board of health for the Philippine Islands. Examinations may be written or oral, or both. In case any applicantcant shall fail to pass a satisfactory examination, he shall not be permitted again to present himself for examination until a period of six months has elapsed.

Sec. 7. Every person holding a certificate of registration from the board of medical examiners shall have it recorded in the office of the registrar of deeds in the province or provinces within which he may deseri to practice, or in the city of Manila, as the case may be, before engaging in the practice of medicine, surgery or midwifery, and until such certificate is so recorded, the holder thereof shall not exercise any of the privileges to practice medicine conferred therein. The holder of the certificate shall pay the registrar the usual fees for recording such certificate.

Sec. 8. The board of medical examiners may refuse to issue any of the certificates provided for in this act to an indiidual convicted by a court of competent jurisdiction of any offense involving immoral or dishonorable conduct. In case of such refusal, the reason therefor shall be stated to the applicant in writing. The board may also revoke any such certificate for like cause, or for unprofessional conduct, after due notice to the person holding the certificate, and a hearing, subject to an appeal to the board of health for the Philippine Islands, the decision of which shall be final.

Sec. 9. Any person shall be regarded as practicing medicine within the meaning of this act who shall treat, operate upon, prescribe for any physical ailment of another for a fee, or who shall represent himself by means of signs, cards, advertisements or otherwise as a physician or surgeon; but nothing in this act shall be construed to prohibit the rendering of services in cases of emergency or the administration of family remedies, or to apply to medical officers of the United States army, the United States navy or the United States marine hospital service, or to physicians and surgeons from other countries, provinces or cities called in consultation, or to actual medical students practicing medicine under the direct supervision of a preceptor who is a registered doctor of medicine.

Sec. 10. Any person practicing medicine or surgery within the Philippine Islands without first having obtained the certificate of registration herein provided for, or otherwise contrary to the provisions of this act, shall, upon conviction, be punished by a fine of not more than one hundred and fifty dollars ($150.00), or by imprisonment for not more than ninety days, or both, in the discretion of the court.

Sec. 11. Any person desiring to practice obstetrics in the Philippine Islands shall be entitled to a certificate of registration as midwife from the board of medical examiners, upon passing a satisfactory examination and paying to the secretary-treasurer of the board a fee of five dollars ($5.00). The examination shall be of such a character as to determine the qualifications of the applicant for the practice of midwifery. Any person practicing midwifery in the Philippine Islands without first having obtained the certificate of registration herein provided for, or otherwise contrary to the provisions of this act, shall, upon convction, be punished by a fine of not more than fifty dollars ($50.00) for each offense: Provided, that this section shall not be construed to prevent a doctor of medicine or licentiate of medicine who holds a certificate of registration as such from practicing obstetrics, or to prohibit the gratuitous rendering of obstetrical services by a friend or member of the family of the patient, or to prohibit the rendering of obstetrical

R. L. POLK & CO., Publishers, DETROIT, MICH.

services by any person in a case of emergency, nor shall it apply to persons practicing midwifery in municipalities where there are no licensed practitioners.

Sec. 12. No person shall in any way advertise as a doctor of medicine, physician or surgeon, or prefix or append the letters "Dr.," "M. D.," or "M. B." to his name, who has not had duly conferred upon him by diploma or degree from some college, school or board of examiners legally empowered to confer the same, the right to assume said title; nor shall any person assume any title, or prefix or append any letters to his name with the intent to represent falsely that he has received a medical degree or license or certificate of registration. Any person violating this provision shall, upon conviction, be subject to a fine of not more than one hundred dollars ($100.00), or to imprisonment for not more than ninety days.

Sec. 13. Where the word "dollars" is used in this act, it shall be understood to mean dollars in money of the United States.

Sec. 14. This act shall take effect on its passage.

Enacted December 4, 1901.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homœopathic; Ecl., Eclectic; P. M., Physio-Medical; °, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‹, Dentist. R D 1, Rural Delivery No. 1

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

PORTO RICO.

CAPITAL, SAN JUAN.

Population (U S Census of 1899), 953,243.

Number of Physicians, 172.

Porto Rico, the smallest of the Greater Antilles, lies to the east of Hatal, being separated from that island by the Mona passage. It stretches from latitude 17 degrees 50 minutes to 18 degrees 30 minutes north; from longitude 65 degrees 30 minutes to 67 degrees 15 minutes west, being thus the easternmost of the Greater Antilles and entirely within the tropics. Its shape is rectangular, its length east and west being slightly over 100 miles and its breadth north and south about 36 miles. Its area, about 3,600 square miles, is three-fourths of that of Connecticut and a little over a thousandth of that of the United States. The island of Porto Rico consists of a range of mountains and hills running east and west, with a maximum altitude slightly over 3,600 feet and sloping toward the coast. The slope of the land is gradual toward the north but steep and difficult toward the south. The greater portion of the area is high, and from the range of hills which form the water divide of the island hundreds of small rivers and streams flow northward and southward to the coast. The climate of the island is remarkably equable. The temperature very rarely rises to 100 degrees Farenheit, and for a long period the average annual temperature has ranged on the northern coast from 78 to 82 degrees. The coolest month in the year is January with a temperature averaging about 75 degrees, while in August, the hottest month, the average is about 82 degrees. While the variation from month to month is but slight, there is considerable difference according to altitude. The temperature in the interior, especially on the higher levels of Aibonito, Cayey and Utuado, is much lower than along the coast. The island has the advantage of a daily sea breeze, and the evenings are mostly cool. During the summer season the temperature rises and there is much rain. The humidity is also very high, averaging in San Juan about 80 per cent. The rainfall is heaviest on the northern coast, averaging about 60 inches in San Juan and of this rain about 40 inches or two-thirds falls during the summer and autumn months. The island is by its natural conditions adapted for tropical agriculture.

PORTO RICO MEDICAL LAWS.

AN ACT PROVIDING FOR THE ORGANIZATION OF A BOARD OF MEDICAL EXAMINERS.

Be it enacted by the Legislative Assembly of Porto Rico:

Section 1. The Governor, with the advice and consent of the Executive Council, shall appoint five learned, skilled and capable physicians, who shall have been residents of the Island of Porto Rico for not less than five years preceding their appointment, who shall constitute the Board of Examiners for the purpose of this act. The physicians so appointed shall hold their respective office for five years; Provided, That all vacancies occurring shall be likewise filled by appointment by the Governor by the advice and consent of the Executive Council; Provided, also, That the first appointments under this act shall be for the periods of one, two, three, four and five years respectively.

Sec. 2. The Board of Medical Examiners shall procure a seal, and on the first Tuesday of April of each year elect from among their members a president, secretary and treasurer. Three members of said Board shall constitute a quorum. The president and secretary shall have the power to administer oaths and the Board to take testimony in all matters relative to its duty under the provisions of this act. The Board of Examiners shall hold meetings for examinations at the seat of government on the first Tuesday of April and October of each year and at such other times and at the same and other places as the Board may determine. The Board shall keep a record of all proceedings thereof and also a register of all applicants for a certificate, with the age of the applicant, time spent in the study of medicine, and the name and location of all the institutions granting to such applicant degrees or certificates of lectures attended in medicine or surgery. The register shall also show whether such applicant was rejected, or has received a certificate under this act; such register shall be prima facie evidence of all the matters therein kept.

Sec. 3. Every person hereinafter wishing to practice medicine or surgery, or any of the branches thereof, or midwifery, in any of their departments in this Island, shall apply to said Board for a certificate or license so to do. Applications from said candidates shall be in writing and accompanied by proof that applicant is a graduate of a medical school or institution in good standing and legally organized, and duly approved by the said Board of Examiners; if the diploma is found genuine, which fact the said Board of Examiners shall determine, and if the person presenting and claiming said diploma be the person to whom the same was originally

See page 12. For particulars write E. E. ELLIOTT, Sec'y, OMAHA, NEB.

granted, at a time and place designated by said Board, or at a regular meeting of said Board, said applicant shall be required to take an examination embracing those general subjects and topics, a knowledge of which is commonly and generally required of candidates for the degree of doctor of medicine by respectable medical colleges in the United States. The examination of those who desire to practice midwifery or any of the branches of medicine and surgery, shall be of such a character as to determine the qualifications of the applicants to practice them. All examinations provided for in this act shall be conducted under rules and regulations prescribed by the Board, which shall provide for a fair and wholly impartial method of examination. After examination, such Board shall, if the candidate has been found qualified, grant a certificate or license to such candidate to practice medicine and surgery or any of the branches thereof or midwifery in Porto Rico; which said certificate can only be granted by the consent of not less than three members of said Board, and which said certificate shall be signed by the president and secretary of said Board, and attested by the seal thereof; Provided, however, That all physicians and surgeons who hold certificates granted by the now existing Board of Medical Examiners shall be exempt from the provisions of this section.

Sec. 4. The Board may refuse to grant a certificate on account of unprofessional, dishonorable or immoral conduct. Before a certificate can be refused for such cause, the Board shall serve in writing upon the applicant a copy of any charge or charges against him, and appoint a day for hearing, at which the applicant or any witness in his behalf may appear and give testimony in refutation of such charges. In case the Board after such hearing shall refuse a certificate to the applicant, the decision specifically stating the grounds upon which such refusal was made shall be reduced to writing and a copy thereof delivered to the applicant upon demand of the applicant. Upon a like hearing the Board may refuse a certificate to any one who may publicly profess to cure or treat diseases, injury or deformity in such a manner to deceive the public. The hearing provided for herein shall take place within 20 days after the service of the copy of the charges upon the applicant unless further time is granted to the applicant, and the decision of the Board shall not be later than ten days after the day of hearing. The Board shall have power to revoke a certificate or license in case of unprofessional, dishonorable or immoral conduct. Before revoking any certificate or license, a written complaint specifically stating the charges against the person whose certificate is to be revoked shall be delivered to all the members of the Board and a copy thereof be served upon such person twenty days before the time fixed by the Board for the hearing of said charges. The Board must fix the time and the person whose license is to be revoked may produce testimony in refutation of such charges. After such hearing, the decision of the Board shall be specifically stated in writing, and a copy thereof delivered, on demand, to the person under charges.

Sec. 5. Every person obtaining a certificate from the Board, must within sixty days from the date thereof, have the same recorded in the office of the Secretary of Porto Rico and in the office of the Superior Board of Health. The Secretary of Porto Rico and the President of the Superior Board of Health shall indorse upon the certificate the date of record and charge and receive the usual fees for such services, the fees to be paid by the applicant.

Sec. 6. Applicant who possess diplomas from reputable medical colleges, and who have been licensed by State Board may upon the payment of a fee, twenty-five ($25) dollars, be licensed by the Board of Examiners without examination if the said Board of Examiners so decides. Medical Officers serving in the Army and Navy of the United States or in the United States Marine Hospital Service, are exempt from examination, but are required to be registered by the Superior Board of Health and to pay a fee of five dollars.

Sec. 7. Any person practicing medicine or surgery or any other branches thereof or midwifery within the Island country contrary to the provisions of this act, be guilty of a misdemeanor, and upon conviction thereof shall be fined not more than five hundred dollars nor less than fifty dollars, or by imprisonment for not more than ninety days nor less than thirty days or by both fine and imprisonment as the court may determine. Any person shall be regarded as practicing within the meaning of this act who shall append the letters M. D. (for Medical Doctor) to his or her name, who shall profess publicly to be a physician or surgeon, or who shall recommend, prescribe or direct for the use of any person, any drug, medicine, appliance, apparatus or other agency, whether material or not material, for the cure, relief, or palliation of any ailment or disease of the mind or body or for the cure or relief of any wound, fractures, or bodily injury, other deformity, after having received, or with the intent of receiving therefore, either directly, any bonus, gift or compensation.

Sec. 8. The fees for examinations and for a certificate shall be as follows: Ten dollars for an examination in medicine and surgery, and five dollars for a certificate if issued, for all other practitioners five dollars for an examination and five dollars for a certificate if issued. For an examination in midwifery five dollars, and three dollars for a certificate if issued. All fees shall be paid in advance to the Treasurer of the Board of Medical Examiners, which fees shall defray the entire expenses of said candidate for examination before the said Board of Examiners. Any one failing to pass the required examination shall be entitled to a second examination within six months without fee. And the moneys so received shall be turned over to the Treasury of Porto Rico by the Treasurer of said Board, to be by him deposited in the Medical Board Fund, as hereinafter provided.

Sec. 9. Each member of the Board is hereby allowed the sum of five dollars per day and mileage while in the active and necessary discharge of his duties, and there is hereby established a fund to be known as the Medical Board Fund. The money in such fund shall only be paid out by warrant on said fund on an order drawn by the Treasurer of said Board, countersigned by the President. The rate of mileage and attendance before said Board shall be five cents per mile. And the Board must

Scott's Emulsion presents cod liver oil in its most attractive and efficient form. None but pure Norwegian oil is used in its manufacture.

report annually on the first Monday of July to the Governor, which report must show all the transactions of the Board, giving the number of applications received and from whom received, the number of certificates granted and rejected, and the names of those receiving certificates and those rejected, giving the reasons therefor, the amount of money received, the expenses, the fees and mileage paid, and by whom received, and the amount of money remaining in said fund, and such other information as the Governor may require; and the treasurer of said Board shall render to the Auditor of Porto Rico a monthly account of his receipts and disbursements.

Sec. 10. After the passage of this bill and the appointment of the Board thereunder, the archives and utensils pertaining to the latter sub-delegation of medicine and all documents thereof shall be transferred to the Medical Board of Examiners.

Sec. 11. All laws, acts, orders and parts thereof in conflict with this act be and the same are hereby repealed.

Sec. 12. This act shall take effect from and after May 1, 1903.

Approved March 12, 1903.

MEDICAL LAW.

SYNOPSIS OF REQUIREMENTS.

For the information of those who are not acquainted with the requirements necessary for registration as medical practitioners in this Province, the following synopsis is given:

1. Sub-sec. (C), Sec. 24, Med. Act, 1898, provides: The Council shall admit upon the register any person who shall produce from any college or school of medicine and surgery, requiring at least four years' course of study, a diploma of qualification; provided, that where the college or school of medicine did not require a course of study of at least four years, but a post-graduate course has been taken, which in point of time added, to the college or school of medicine course, completes a period of four years, it shall be deemed sufficient; provided, also, that the applicant shall furnish to the Council satisfactory evidence of identification, and pass before the members thereof, or such of them as may be appointed for the purpose, a satisfactory examination touching his fitness and capacity to practice as a physician and surgeon.

2. Sub-sec. (B), Sec. 24, provides that: The Council shall admit upon the register every person mentioned in chapter 48 of the Acts of Parliament of the United Kingdom, passed in the 49th and 50th years of Her Majesty's reign, duly registered under the "Medical Act" (Imperial), prior to and inclusive to the 30th day of June, 1887, upon complying with the orders, regulations or by-laws of the Council, and giving due proof of such registration, and that the person applying for registration has not lost the benefit of the same, by reason of misconduct or otherwise.

3. Every person applying for registration under Sub-sec. (C), Sec. 24, Medical Act, 1898, shall, on appearing in person before the Registrar of the Council and paying a fee to the Registrar of one hundred dollars, be entitled to be registered on producing to such Registrar a certificate duly authenticated under the hand and seal of the Registrar of Medical Practitioners in England, Ireland and Scotland, as the case may be (or other legal evidence), that such applicant is a duly registered medical practitioner, and that he was duly registered under the "Medical Act" (Imperial) on or before the 30th day of June, 1887. Such applicant will also be required to produce a certificate of good standing in the profession of medicine from the Registrar or other officer of the medical body having jurisdiction where such applicant last practiced his profession, and evidence by statutory declaration that he has not lost the benefit of his said registration under the "Medical Act" (Imperial), by misconduct or otherwise.

4. Sub-sec. (D), Sec. 24, provides that: Any homœopathic physician holding a diploma of qualification from any authorized school or college requiring at least a four years'

ANTIKAMNIA PREPARATIONS
PLEASE SEE PAGE 3 FOR PARTICULARS

course of study, which has been undergone by the applicant, may be registered under this act upon passing before the Council or such of them as may be appointed for that purpose, a satisfactory examination in the following subjects, viz.: Anatomy, Physiology, Pathology, Chemistry, Obstetrics and Surgery.

5. The examination shall be orally and in writing, upon the following subjects:
   1. Anatomy.
   2. Chemistry.
   3. Physiology.
   4. Pathology.
   5. Materia Medica.
   6. Medical Jurisprudence.
   7. Theory and Practice of Medicine.
   8. Theory and Practice of Surgery.
   9. Clinical Medicine.
   10. Clinical Surgery.
   11. Obstetrics and Diseases of Women and Children.

6. Before examination the candidate shall pay to the Registrar of the college the fee of one hundred dollars for the examination, fifty of which shall be returned if the candidate be rejected.

7. During the year there shall be two regular meetings and two examinations held, beginning on the first Tuesday of May and the last Tuesday of October.

All examinations are held at the college rooms, in the new Parliament Buildings, Victoria.

8. Permits are not granted by the Council.

For further information apply to the Registrar, Victoria, B. C.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R., Regular; H., Homœopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; §, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ¶, Druggist; ‖, Dentist. R D 1, Rural Delivery No. 1.

The postoffice address is shown in DISPLAY TYPE, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

PHOSPHATE CHEMICAL MANUFACTORY, NEW ORLEANS, LA.

MANITOBA MEDICAL LAW

The College (which means the whole licensed membership in the Province) of Physicians and Surgeons is the sole licensing body in medicine in the Province, and the University of Manitoba is the sole examining body.

EXAMINATION.

If the applicant for license be a graduate in medicine of any Canadian university, he should send to the Registrar of the College of Physicians and Surgeons, prior to the 1st of March, his medical degree (as a credential), and, upon this being found satisfactory, he shall be reported to the university as eligible to write at the examination, which begins at 9 a. m. on the third Monday in April, at the university building.

In the case of a graduate from any university in the United State or other foreign country, he shall be required, in addition to sending his degree (or diploma), to furnish complete detailed and authoritative information as follows:

First. As to his matriculation; giving the name and address of the institution in which he was examined, the subjects, and the extent of each required.

Second. As to medical course; the number and length of sessions, subjects taught, number of courses in each, and number of lectures in each course, amount of clinical instruction in the different courses, etc., etc.

On receipt of this information the university will decide as to the eligibility or otherwise of the applicant to write for license.

Each applicant, at the same time that he sends his credentials to the registrar of the C. P. S., should send $15 examination fee in a separate communication addressed to Dr. G. J. Laird, registrar of the university, which will be returned to him in case he is not permitted to write.

A candidate failing in three or more subjects must write on the whole examination again, and can only do so at a subsequent regular spring examination. If he fail in two subjects, or less, he will be required to write on these only, and may do so at the time of the supplemental examinations in September, or at the next spring examination.

The subjects of examination for license are: Written—Medicine, Surgery, Obstetrics and Diseases of Children, Gynæcology, Materia Medica and Therapeutics. Oral—Clinical Medicine, Clinical Surgery, Clinical Ophthalmology and Otology. Fifty per cent required in each to pass.

The fee for license, $75, is payable immediately after the receipt by the registrar of the C. P. S. of the report of the university examinations.

An annual fee of $2 is payable by each member of the C. P. S.

The license is not issued until the examination has been completed.

No interim permit to practice is granted.

For information regarding Manitoba Medical College, write to Dr. E. S. Popham, Registrar of M. M. C., Winnipeg.

J. S. GRAY, M. D., Registrar C. P. S., Manitoba.
358 Hargrave Street, Winnipeg.
